## EVA SCR400 Dock Clock/Radio with Bluetooth

The EVA SCR400 Dock Clock/Radio with Bluetooth is a powerful, fashionable, and environmentally thoughtful compact music system. The system features a unique touch sensitive bamboo control panel and LCD TFT display for clean, clear, crisp graphics. The SCR400 includes a matching bent bamboo wood external dock for resting, connecting and charging iPods®, iPhones® and/or iPads®. A high sensitivity FM tuner with 8 presets provides quick access to all your favorite stations and a full-featured dual alarm clock features a touch sensitive bamboo snooze bar. And for music streaming, there is Bluetooth® wireless and a digital optical audio input for an optional Apple® Airport Express® making adding AirPlay® audio streaming from any iOS device easy. The SCR400 has the added benefit of being able to provide a true stereo experience when combined with a EVA +Channel Accessory Speaker.

All EVA models are available in Earth and Slate finishes and feature an inviting, natural woven wool cover accented by bamboo – a natural material significantly more sustainable than the wood materials found in traditional audio systems. In fact, each AudioXperts EVA model is comprised of over 60% sustainable materials.
