

Welcome to the AVTech Awards for 2016/17, where once again the UK's trio of premium AV magazine brands – Hi-Fi Choice, Home Cinema Choice and Hi-Fi News & Record Review – come together to celebrate the very best hardware you can buy.

## Best Hi-Fi One-Box Solution

### Musical Fidelity Encore 225

With A CD ripper, onboard music storage, network access via a wired Ethernet connection and a host of digital audio inputs combined with the promise of firmware and software updates, Musical Fidelity's Encore 225 all-in-one solution is the very definition of convenience. Whether it's put into action as a source component, as a streaming player/preamp or straight into speakers, it's easy to use and performance is luxurious. It's rich yet detailed, capable of hitting hard when asked to or displaying an even-handed balance with just a touch of warmth. An all-in-one star.
