ABOUT PRO-JECT

1991

THE START

with the launch of the first Pro-Ject turntable, named Pro-Ject 1, CEO Heinz Lichtenegger founded the brand.

**1997
DEBUT**

with the idea of turning a Hifi product into a lifestyle product, the Debut Turntable was born and was sold almost 1 Million times until today.

**2000
NEW FACTORIES**

in order to produce the electronics, new partnerships were formed in Czech Republic and Slovakia.

2015

ARTIST COLLECTION

the turntable collection in cooperation with famous musicians started with austrian artist Parov Stelar, Later: The Beatles, Rolling Stones, Vienna Philharmonics and others.

CEO and Founder
Heinz Lichtenegger

**2020
PRO-JECT TODAY**

has more than 5.000 dealers in 80 countries, is world leader for Hifi turntables and Micro High End components, has won over 100 international Awards, among several EISA Awards and the Red Dot Design Award and has over 500 employees in 4 factories.

**1993
PARTNERSHIP**

after the collapse of the iron curtain, Heinz Lichtenegger formed a partnership with a former Tesla factory in Czech Republic that is, until today, producing for Pro-Ject Audio Systems.

**1994
Pro-Ject 6**
first High End turntable

**1998
BOX-DESIGN**
Pro-Ject started to produce their own Hifi Electronics.

**2007
DIGITAL ENTRY**

Pro-Ject introduces first digital products: Pre Box, Amp Box, and DAC Box.

**2017
HEADQUARTERS**

opening of the new headquarters in Lower Austria, including an office, a logistics center, administration, Research & Development and a reference Pro-Ject shop.

HEADQUARTERS

Our headquarters is located 35 kilometers north of Vienna in the beautiful Weinviertel region. It was opened in August 2017. The facility spans a total area of 12,200 m² and covers three main business divisions. The elegant foyer adjacent to our flagship showroom leads to the 1,200 m² office area. Three listening and demo rooms showcase our product categories visually and aurally. Next to our office areas, is the 130 m² development and service center. The heart of our headquarters is a 300 m² Atrium – a green landscaped courtyard with a pond. Towards the back of the building, we have an extensive 3.000 m² warehouse area from which 6 truck docks are daily provided with the over 4.000 pallets we ship every year to over 80 countries. The 450 m² order and pick-up area includes a small parts warehouse with a height of more than eight meters. The headquarter was built to the highest design and efficiency standards.

HANDMADE IN EUROPE

With cutting edge technologies and machines, we create visually pleasing products with attention to the finest details. Our entire turntable range is hand built in Czechia from scratch – by hand and in-house. From the tiniest screw to the chassis, everything is made by our technicians. A strict four-step quality control ensures that everything works as intended. In Slovakia, we manufacture micro-sized high-end audio components. By shrinking the cabinets in size, our micro-sized gear save costs and offer our customers extreme value for high-performance products. We pride ourselves on producing products that have long-lasting value and give our customers satisfaction for all their audio needs.

ELEMENTAL LINE

Minimalism meets outstanding sound quality

With the Elemental Line we are aiming for turntables with the lowest possible material expenses without making compromises in sound quality.

Elemental

Audiophile plug&play turntable.

Cartridge Ortofon OM 5E Elliptical stylus	Tonearm 8,6", aluminium Saphire bearing	Drive Principle Belt drive on platter	Speed 33/45 RPM Manual change
Chassis and Platter Veneered particle board Central mass point made from concrete	Output Phono out Pre mounted RCA cable	Included Items Felt mat, power supply, RCA cable	Size and Weight 415 x 90 x 300 mm (WxHxD) 2.7 kg (net)

Colour Options    Matt white, grey, red: 199 €

VT-E

Vertical turntable with easiest possible vertical set-up including wall-mount option!

Cartridge Ortofon OM 5E Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter	Speed 33/45 RPM Electronic change
Chassis and Platter Veneered particle board Left „L“ or „R“ right- handed version	Output Phono out	Included Items Record clamp, felt mat, power supply, Connect it E	Size and Weight 430 x 345 x 245 mm (WxHxD) 2.8 kg (net)

Colour Options    Matt white, black, red: 349 €

VT-E BT

Vertical Bluetooth turntable with easiest possible vertical set-up including wall-mount option!

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter	Speed 33/45 RPM Manual change
Chassis and Platter Made from MDF/plywood Left „L“ or „R“ right- handed version	Output Line or Phono Bluetooth	Included Items Record clamp, felt mat, power supply, Connect it E	Size and Weight 415 x 345 x 245 mm (WxHxD) 2.8 kg (net)

Colour Options    High-Gloss white, black, red: 449 €

PRIMARY LINE

Perfect Turntable for vinyl-beginners

The Primary Line offers excellent craftsmanship, high class components and wonderful sound. It is our traditional entry-level range and gives a qualitative high price-performance-ratio.

Primary E

Audiophile plug&play turntable.

Cartridge Ortofon OM Spherical stylus	Tonearm 8,6", aluminium Saphire bearing	Drive Principle Belt-drive with synchronous motor	Speed 33/45 RPM Manual change
Chassis and Platter Made of plywood	Output Phono out Pre-mounted RCA cable	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 420 x 112 x 330 mm (WxHxD) 4.0 kg (net)

Colour Options    Matt white, black, red: 229 €

Primary E Phono

Audiophile plug&play turntables with built in phono stage.

Cartridge Ortofon OM Spherical stylus	Tonearm 8,6", aluminium Saphire bearing	Drive Principle Belt-drive with synchronous motor	Speed 33/45 RPM Manual change
Chassis and Platter Made of plywood	Output Switchable Line/Phono Gold-plated contacts	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 420 x 112 x 330 mm (WxHxD) 4.0 kg (net)

Colour Options    Matt white, black, red: 279 €

JUKE BOX LINE

Audiophile “All-in-one Plug & Play” Turntable system

The Juke Box Line is the optimum solution with analogue and digital inputs, a power amplifier and true stereo sound built into the chassis of a great sounding turntable.

Prices (Suggested Retail Prices) are only for orientation and can differ depending on local taxes. Prices, technical data and release date without engagement.

Juke Box E

A turntable, phono stage, Bluetooth receiver, line pre-amplifier and power amplifier in one!

Cartridge Ortofon OM 5E Elliptical stylus	Tonearm 8,6", aluminium Saphire bearing	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter MDF and particle board High contrast display Potentiometer on front for controlling the unit	Outputs Speakers, Line out (fixed), Phono out	Included Items Dust Cover, Felt mat, Power supply, IR Remo- te, Connect it E (RCA cable),	Size and Weight 415 x 118 x 334 mm (WxHxD) 5 kg (net)
Inputs Bluetooth, 1x Line			

Colour Options    High-Gloss white, black, red: 499 €

Juke Box E - Hifi Set

A complete set including a turntable, speakers, and cables.

Juke Box E A turntable, phono stage, Bluetooth recei- ver, line pre-amplifier and power amplifier in one!	Speaker Box 5 Audiophile 2-way mo- nitor speakers using bass reflex system. More infos on page 86.	Damp it Damping feet that effectively prevent transmission of unwanted vibrations.	Cable Set Speaker cable: Low distortion level, neutral sound
---	---	---	--

Colour Options    Glossy white, black, red: 799 €

Juke Box S2

A premium turntable, phono stage, Bluetooth receiver, line pre-amplifier and power amplifier in one!

Cartridge Ortofon Pick it 25A Elliptical stylus	Tonearm 8,6", aluminium Saphire bearing	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter MDF and Acryl High contrast display Potentiometer on front for controlling the unit	Outputs Speakers, Line out (fixed), Phono out	Included Items Dust Cover, Felt mat, Power supply, IR Remo- te, Connect it E (RCA cable),	Size and Weight 415 x 118 x 334 mm (WxHxD) 5 kg (net)
Inputs Bluetooth, 1x Line			

Colour Options   Eucalyptus or Walnut: 699 €

Juke Box S2 - Stereo Set

A complete set including a turntable, speakers, and cables.

Juke Box S2 A turntable, phono stage, Bluetooth recei- ver, line pre-amplifier and power amplifier in one!	Speaker Box 5 S2 Audiophile 2-way mo- nitor speakers using bass reflex system. More infos on page 87.	Damp it Damping feet that effectively prevent transmission of unwanted vibrations.	Cable Set Speaker cable: Low distortion level, neutral sound
--	--	---	--

Colour Options   Eucalyptus or Walnut: 1.199 €

A New Generation of Turntables

The T1 is the first T Line turntable, aiming to deliver true high-fidelity sound on a limited budget.

T1

Pushing Audiophile Design to a new Affordable Level.

Cartridge Ortofon OM 5E Elliptical stylus (MM)	Tonearm 8,6", one-piece aluminium, fast traction	Drive Principle Belt drive on sub-platter aluminium pulley	Speed 33/45 RPM manual change
Chassis and Platter Plywood (2.5cm thick) Blasted-glass platter (8mm thick)	Output Phono Out	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 100 x 335 mm (WxHxD) 3,8 kg (net)
Colour Options    299 €			

T1 Phono SB

Takes all of the features of the regular T1 and adds a line-level output and electronic speed control.

Cartridge Ortofon OM 5E Elliptical stylus (MM)	Tonearm 8,6", one-piece aluminium, fast traction	Drive Principle Belt drive on sub-platter aluminium pulley	Speed 33/45 RPM electronic change
Chassis and Platter Plywood (2.5cm thick) Blasted-glass platter (8mm thick)	Output Switchable Line or Phono	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 100 x 335 mm (WxHxD) 3,8 kg (net)
Colour Options    349 €			

T1 BT

Takes all of the features of the regular T1 and adds a line-level output and Bluetooth.

Cartridge Ortofon OM 5E Elliptical stylus (MM)	Tonearm 8,6", one-piece aluminium, fast traction	Drive Principle Belt drive on sub-platter aluminium pulley	Speed 33/45 RPM manual change
Chassis and Platter Plywood (2.5cm thick) Blasted-glass platter (8mm thick)	Output Switchable Line or Phono Bluetooth	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 100 x 335 mm (WxHxD) 3,8 kg (net)
Colour Options    379 €			

ESSENTIAL LINE

Find the perfect Turntable for your needs

The Essential III Flexi-Range is a family of turntables. All share their core DNA, but like in any good family, each member has its own strengths. Each Essential model comes equipped for the exact needs of the customer.

Essential III

The audiophile entry-level turntable.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter Made of resonance in-sensitive MDF	Output Phono out pre-mounted RCA- cable Connect it E	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)

Colour Options High-Gloss white, black, red: 359 € walnut: 399 €

Essential III Phono

Takes all of the advantages of the regular Essential III and adds a line-level output.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter Made of resonance in-sensitive MDF	Output Switchable Line or Phono	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)

Colour Options High-Gloss white, black, red: 399 € walnut: 449 €

Essential III SB

Allows the listener to change speeds with the push of a single button.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Electronic change
Chassis and Platter Made of resonance in-sensitive MDF	Output Phono out	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)

Colour Options High-Gloss white, black, red: 379 € walnut: 429 €

Essential III Bluetooth

A modern high fidelity Bluetooth turntable.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter Made of resonance in-sensitive MDF	Output Switchable Line or Phono Bluetooth	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)

Colour Options High-Gloss white, black, red: 449 € walnut: 499 €

Essential III Digital

A perfect match to connect to a multi-room entertainment system or soundbar.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter Made of resonance in-sensitive MDF	Outputs Switchable Line or Phono Optical out	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)
Colour Options    High-Gloss white, black, red: 449 €  walnut: 499 €			

High gloss MDF

Ortofon OM 10 Cartridge

Essential III RecordMaster

The turntable for listeners who want to digitize all of their records.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Manual change
Chassis and Platter Made of resonance in-sensitive MDF	Outputs Switchable Line or Phono USB out	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)
Colour Options    High-Gloss white, black, red: 499 €  walnut: 549 €			

Diamond cut pulley

Vibration absorbing feet

Essential III HP

The perfect partner if you want to enjoy your vinyl collection with headphones.

Cartridge Ortofon OM 10 Elliptical stylus	Tonearm 8,6", one-piece alu, saphire bearings	Drive Principle Belt drive on platter Aluminium pulley	Speed 33/45 RPM Electronic change
Chassis and Platter Made of resonance in-sensitive MDF	Outputs Switchable Line or Phono Headphone	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5.0 kg (net)
Colour Options    High-Gloss white, black, red: 449 €  walnut: 499 €			

Antiskating

Aluminium tonearm

NEW!

Debut Carbon EVO

Time for Evolution. We have taken our most popular turntable design and improved every aspect of it. The result is an incredibly refined product.

1.7 kg Platter

Heavy steel and TPE damped

We added a TPE (thermoplastic elastomer) ring on the inside of the platter. The result is an even quieter and noiseless operation with less wow and flutter.

Suspension

Improved motor suspension

The Debut Carbon EVO features our newly designed motor suspension. We have improved the old design to consistently reduce the vibrations better than before.

33/45/78 RPM

Controlled playback speeds

Change replay speeds with the push of a button, the playback speed is electronically controlled with the utmost precision.

Metal Feet

Damped & height-adjustable

The new Debut Carbon EVO stands on three height adjustable damped aluminium feet to guarantee the perfect stand.

Debut Carbon EVO

Our most popular turntable design. Improved in every aspect.

Cartridge Ortofon 2M Red Elliptical stylus	Tonearm 8.6" carbon tonearm saphire bearings	Drive Principle Belt drive on sub-platter	Speed 33/45/78 RPM Electronic change
Chassis and Platter Made of resonance in-sensitive MDF, TPE damped steel platter	Output Phono out Gold plated sockets	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 95 x 330 mm (WxHxD) 5,6 kg (net)
Satin Finish      White, Black, Golden Yellow, Steel Blue, Fir Green: 499 €			
High Gloss    Red, White, Black: 499 €			
Wood  Real-wood walnut : 499 €			

Debut Carbon (DC)

The Turntable Classic!

Cartridge Ortofon 2M Red Elliptical stylus	Tonearm 8.6" carbon tonearm saphire bearings	Drive Principle Belt drive on sub-platter	Speed 33/45 RPM Manual change

Eucalyptus Wood Veneer

RPM LINE

Less vibration through droplet-form

The RPM Line consists of our droplet-form turntables. This kind of form is known for less vibrations due to its build nature. The RPM Line also uses fully decoupled and separate motors for better sound.

RPM 1 Carbon

Manual turntable with 8,6" carbon tonearm

Cartridge Ortofon 2M Red Elliptical stylus (MM)	Tonearm 8,6" S-shape made from carbon/alu	Drive Principle Precision belt drive decoupled motor	Speed 33/45 RPM manual change
Chassis and Platter High-gloss painted MDF, inverted platter bearing for reduced rumble	Output Phono Out	Included Items Felt mat, power supply, Connect it E (RCA cable)	Size and Weight 380 x 110 x 350 mm (W x H x D) 3.8 kg (net)
Colour Options    High-Gloss white, black, red: 499 €			

RPM 3 Carbon

Manual turntable with 10" carbon tonearm

Cartridge Ortofon 2M Silver Elliptical stylus (MM)	Tonearm 10" S-shape made from carbon/alu	Drive Principle Precision belt drive decoupled motor	Speed 33/45 RPM manual change
Chassis and Platter High-gloss painted MDF, inverted platter bearing for reduced rumble	Output Phono Out	Included Items Felt mat, power supply, Connect it E (RCA cable)	Size and Weight 422 x 118 x 373 mm (W x H x D) 5.5 kg (net)
Colour Options    High-Gloss white, black, red: 799 €			

RPM 5 Carbon

Manual turntable with 9" Evo tonearm

Cartridge Ortofon 2M Silver Elliptical stylus (MC)	Platter Acrylic	Drive Principle Precision belt drive decoupled motor	Speed 33/45 RPM manual change
Chassis A low resonance MDF/ carbon chassis holds a inverted platter bearing with ceramic ball.	Tonearm 9" cc EVO Carbon MM & MC capability TPE damped counter- weight	Included Items Felt mat, power supply, Connect it E (RCA cable)	Size and Weight 430 x 150 x 323mm (W x H x D) 8.0 kg (net)
Output Phono Out			
Colour Options    High-Gloss white, black, red: 1.299 €			

RPM 9 Carbon

Highend turntable with 9" Evo tonearm

Cartridge Ortofon Quintet Bronze Nude fine line stylus	Platter 7.2 kg aluminium	Drive Principle Precision belt drive decoupled motor	Speed 33/45 RPM electronic change
Chassis MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter be- aring with ceramic ball.	Tonearm 9" cc EVO Carbon MM & MC capability TPE damped counter- weight	Included Items Power supply, Connect it 5P-CC (pho- no cable), record puck	Size and Weight 440 x 180 x 325 mm (W x H x D) 16.5 kg (net)
	Output Phono Out		

Colour Options  n/c SRP 1.995 € | with Quintet Bronze SRP 2.295 €

RPM 10 Carbon

Highend turntable with 10" Evo tonearm

Cartridge Ortofon Cadenza Red Nude fine line stylus on alu cantilever	Platter 14.4 kg aluminium	Drive Principle Precision belt drive decoupled motor	Speed 33/45 RPM electronic change
Chassis MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter be- aring with ceramic ball.	Tonearm 10" EVO Carbon MM & MC capability TPE damped counter- weight	Included Items Ground it Carbon, record puck, power supply, Connect it CC (Modell 5P-CC)	Size and Weight Turntable: 480 x 210 x 330 mm (W x H x D) 22.0 kg (net) Ground it: 500 x 70 x 400 mm (W x H x D) 14,5 kg
	Output Phono Out		

Colour Options   n/c SRP 3.500 € | with Cadenza Red 4.200 €

X - LINE

The High-End Audiophile Experience

The X Line takes all our traditional designs to a new level. With experimental materials and mixes, we were able to get these special products to new heights. Special platters with exclusive chassis and cartridges enabled us, to deliver these world-class turntables.

X1

Real High-End Features - True Audiophile Sound - Affordable Price

Cartridge Ortofon Pick it S2 MM Elliptical stylus (MM)	Platter 1.5 kg heavy acryl Stainless steel-bearing with soft brass bushing	Output Phono Out	Included Items Dust cover, felt mat, power supply, Connect it E (RCA cable)
Chassis Massive and heavy MDF, painted with 8 layers and hand-polis- hed finish in high-gloss white, high-gloss black or veneered satin real- wood walnut	Tonearm 8,6" carbon/alu sand- wich tonearm, kardan ultra-low friction 4 pin point precision bearing, TPE damped counter- weight	Drive Principle Drive belt on sub-platter, isolated motor for less vibration and noise	Speed 33/45/78 RPM electronic switch
Feet Height adjustable, black aluminium			Size and Weight 415 x 125 x 335 mm (W x H x D), 5,9 kg (net)

Colour Options 699 € without cartridge | 799 € with Pick it S2 MM

X2

Uncompromised High-End Design

Cartridge Pick it 2M Silver Elliptical stylus (MM)	Platter 2 kg heavy acryl platter Stainless steel-bearing with soft brass bushing	Output Phono Out	Included Items Dust cover, felt mat, power supply, Connect it E (RCA cable)
Chassis Massive and heavy MDF, painted with 8 lay- ers and handpolished finish in, high-gloss black, satin black, satin white or veneered satin real-wood walnut	Tonearm 9" carbon/alu sandwich tonearm, kardan ultra- low friction 4 pin point precision bearing, TPE damped counterweight	Drive Principle Drive belt on sub-platter, isolated motor for less vibration and noise	Speed 33/45/78 RPM electronic switch
Feet Height adjustable, black aluminium			Size and Weight 460 x 150 x 340 mm (W x H x D), 9 kg (net)

Colour Options 999 € without cartridge | 1.099 € with Pick it 2M Silver

6 PerspeX SB

Incredible and Unparalleled Value

Cartridge Pick it 2M Silver Elliptical stylus (MM)	Platter Acoustically inert sandwich construction of platter with combi- nation of MDF and vinyl layer as mat,	Output Phono Out	Included Items Dust cover, record clamp, power supply, spirit level, Connect it E (RCA cable)
Chassis Acrylic Plinth, Sub- chassis made from Corian with magnetic suspension.	Tonearm tonearm 9 cc Evolution, bearings with ABEC 7 ballraces	Drive Principle Belt drive with AC motor with DC driven AC generator	Speed 33/45 RPM electronic switch
Feet Height adjustable, black aluminium			Size and Weight 460 x 183 x 365 mm (W x H x D), 9,3 kg (net)

Colour Options 1.699 € without cartridge, 1.999 € with Quintet Blue

Xtension 9 Evolution

Highend turntable with 9" Evo tonearm			
Cartridge Quintet Black Nude fine line stylus	Platter Precision balanced sandwich-platter	Drive Principle Precision belt drive decoupled motor	Speed 33/45/78 RPM electronic change
Chassis MDF filled with metal granulate with low levels of resonance and high massaring with ceramic ball.	Tonearm 9" cc EVO Carbon MM & MC capability Damped counterweight	Included Items Heavy weight record clamp, dust cover, power supply, spirit level, gloves, Connect it CC (Modell 5P-CC)	Size and Weight 465 x 185 x 350 mm (W x H x D) 18 kg (net)
Output Phono Out			
Colour Options 			
High Gloss White, Black or Red: 2.295 € n/c SuperPack incl. Quintet Black: 2.595 €			
Olive, Mahagoni, Walnut, Palisander, Eucalyptus: 2.295 € n/c SuperPack incl. Quintet Black: 2.595 €			
High Gloss Walnut Burl, Satin Walnut Burl: 2.695 € n/c SuperPack incl. Quintet Black: 2.995 €			

Xtension 10 Evolution

Highend turntable with 10" Evo tonearm			
Cartridge Ortofon Cadenza Red Nude fine line stylus on alu cantilever	Platter 10,3 kg aluminium	Drive Principle Precision belt drive decoupled motor	Speed 33/45/78 RPM electronic change
Chassis MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter bearing with ceramic ball.	Tonearm 10" EVO Carbon MM & MC capability TPE damped counterweight	Included Items Heavy weight record clamp, dust cover, power supply, spirit level, gloves, Connect it CC (Modell 5P-CC)	Size and Weight 480 x 235 x 400 mm (W x H x D) 26 kg (net)
Output Phono Out			
Colour Options 			
High Gloss White, Black or Red: 3.500 € n/c 4.900 € SuperPack incl. Quintet Black			
Olive, Mahagoni, Walnut, Palisander, Eucalyptus: 3.500 € n/c SuperPack incl. Quintet Black: 4.900 €			
High Gloss Walnut Burl, Satin Walnut Burl: 4.000 € n/c SuperPack incl. Quintet Black: 5.400 €			

Xtension 12 Evolution

Highend turntable with 10" Evo tonearm			
Cartridge Ortofon Cadenza Red Nude fine line stylus on alu cantilever	Platter 14.4 kg aluminium	Drive Principle Precision belt drive decoupled motor	Speed 33/45/78 RPM electronic change
Chassis MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter bearing with ceramic ball.	Tonearm 10" EVO Carbon MM & MC capability TPE damped counterweight	Included Items Heavy weight record clamp, dust cover, power supply, spirit level, gloves, Connect it CC (Modell 5P-CC)	Size and Weight 550 x 550 x 560 mm (W x H x D) 33 kg (net)
Output Phono Out			
Colour Options 			
High Gloss White, Black, Red, Olive, Mahagoni, Walnut, Palisander, Eucalyptus: 3.990 € n/c			
High Gloss Walnut Burl, Satin Walnut Burl: 4.590 € n/c			

Our Signature and Xtension turntables are now available in exclusive Walnut Burl finishes. They are produced in small numbers and on special request, so the availability will be limited.

Chassis
MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating.

SIGNATURE LINE

Pure luxury in every piece

The Signature line is the ultimate audiophile offering from us. A flagship in every sense, it is a must-consider product for any serious audiophile with a high budget.

Signature 10

Highend turntable with single-pivot tonearm.

Cartridge not included (n/c)	Platter 10.1 kg heavy acryl Stainless steel-bearing with soft brass bushing	Output Phono Out	Included Items Connect it CC (Modell 5P-CC) Record puck, gloves, spirit level...
Chassis Piano-lacquer chassis with magnetic decou- pling or veneered with walnut burl satin or high-gloss.	Tonearm Single-pivot tonearm in high gloss metal surface	Drive Principle Motor control system for perfect speed stability	Speed 33/45 RPM electronic switch
		Feet Height adjustable, black aluminium	Size and Weight 475 x 195 x 354 mm (W x H x D) 22,6 kg (net)

Colour Options	  	Piano Black, Olive, Mahagoni: 4.990 € n/c
	 	High Gloss Walnut Burl, Satin Walnut Burl: 5.490 €

Signature 12

An audiophile marvel, that represents our championship in precision engineering.

Cartridge not included (n/c)	Platter 10.2 kg heavy acryl Stainless steel-bearing with soft brass bushing	Output Phono Out	Included Items Connect it CC (Modell 5P-CC) Record puck, gloves, spirit level...
Chassis Piano-lacquer chassis with magnetic decou- pling or veneered with walnut burl satin or high-gloss.	Tonearm Single-pivot tonearm in high gloss metal surface	Drive Principle Motor control system for perfect speed stability	Speed 33/45 RPM electronic switch
		Feet Height adjustable, black aluminium	Size and Weight 570 x 440 x 234 mm (W x H x D) 34,6 kg (net)

Colour Options	  	Piano Black, Olive, Mahagoni: 9.500 € n/c
	 	High Gloss Walnut Burl, Satin Walnut Burl: 10.100 € n/c

SPECIAL EDITIONS

Special Editions

We take the best of the existing models and add special features, for an even more impressive performance.

Debut RecordMaster

Audiophile turntable for Hifi & audio transfer to PC/Mac

Cartridge Ortofon OM 5E Elliptical stylus	Tonearm 8.6" alu tonearm saphire bearings	Drive Principle Drive belt on sub-platter	Speed 33/45/78 RPM Electronic change
Chassis and Platter Made of resonance in-sensitive MDF, Steel platter	Output Built in MM phono preamplifier with line output and USB out for audio recording	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 415 x 118 x 320 mm (W x H x D) 5,6 kg (net)
Colour Options   High-Gloss white, black: 449 €  Satin walnut: 499 €			

The Classic

Sub-chassis turntable with 9" carbon/alu sandwich tonearm. Now in Satin White or Satin Black.

Cartridge Ortofon 2M Blue Elliptical stylus	Tonearm 9" carbon/aluminium tonearm with MM & MC capability Japanese ball bearing (base of tonearm)	Drive Principle Belt drive on diamond cut precision alu sub- platter	Speed 33/45 RPM Manual change
Chassis and Platter Metal/MDF sandwich chassis floating on TPE suspension. Precision balanced TPE-damped alu- platter.	Output Phono out	Included Items Dust cover, felt mat, power supply, Connect it E	Size and Weight 462 x 131 x 351 mm (W x H x D) 10,2 kg (net)
Colour Options   Satin white or Satin black: 999 €			

ARTIST COLLECTION

Artist Collection

The Artist Collection is a series of turntables that was created in collaboration with various respected national and international artists. Audiovisually convincing products were created, which amaze fans worldwide. Some of these art pieces are only available in limited editions and may therefore be out of stock in some cases.

The Beatles Yellow Submarine

- Unique special Yellow Submarine look • Belt-drive with synchronous motor
- Ortofon Concorde quality pickup • Vibration absorbing feet • Glass platter
- Rigid MDF chassis • Highly precise and light aluminium tonearm • Sapphire-tonearm bearing • Gold-plated contacts • Silicon belt with optimum dampening
- Dimensions: 500x120x400 mm (WxHxD)
- Weight: 4.5 kg net

449 €

Essential III Sgt. Pepper's Drum

- Special edition of Essential III • Acrylic platter • Belt drive with synchronous motor and silicone belt • Diamond cut aluminium drive pulley • Chassis made of resonance in-sensitive MDF • Integrated DC-powered motor control minimizes motor vibration and guarantees speed stability • Low tolerance platter bearing with stainless steel spindle • 8.6" aluminium tonearm with sapphire bearings • Ortofon OM10 cartridge pre-mounted • High-quality semi-balanced Connect it E phono interconnect with gold-plated RCA connectors included • Special decoupling feet
- Dust cover included • Dimensions: 420x112x330mm (WxHxD) • Weight: 5.0 kg net

499 €

The Beatles 1964 Record Player

- Special edition of Debut Carbon Esprit SB • Limited to 2500 pieces worldwide
- 33/45 & 78rpm out of the box • Built-in precision Speed Box with switch on upper side • 8.6" carbon tonearm • Heavy non resonant acrylic platter • DC power supply with synchronous AC motor • TPE motor suspension • Magnetic cartridge 2M red from Ortofon • High-quality semi-balanced Connect it E phono interconnect with gold-plated RCA connectors included • Special decoupling feet • Dust cover included • Dimensions (lid closed): 415x118x320mm (WxHxD) • Weight: 4.9 kg net

650 €

2Xperience Sgt. Pepper

- Special version of 2Xperience SB • Limited run of only 1000 pieces worldwide
- Electronic speed control with 33/45 rpm speed change, which acts as "Speed Box" with ultimate speed stability • Precision balanced sandwich-platter with vinyl mat
- Record clamp tightens record to platter • MDF chassis • Audiophile grade 9" EVO carbon tonearm • Inverted tonearm bearings (ABEC 7 quality) • 2M Silver cartridge with silver voice coils is pre-mounted • Dimensions: 460x133x360 mm (WxHxD)
- Weight: 8 kg net

1.399 €

2Xperience The Beatles White Album

- Special version of 2Xperience SB • Limited run of only 500 pieces worldwide • Belt drive with synchronous motor and silicone belt • Electronic speed control with 33/45 rpm speed change, which acts as “Speed Box” with ultimate speed stability • Heavy acrylic platter • Diamond-cut drive pulley • Included record clamp tightens record to platter • Resonance optimised MDF chassis in white mat • Audiophile 9”Evo aluminium tonearm • Inverted tonearm bearings (ABEC 7 quality) • 2M White cartridge pre-mounted • Dust cover included • Dimension 460 x 133 x 360 mm (WxHxD) • Weight: 8 kg net

1.499 €

George Harrison Recordplayer

- Special edition of Essential III • Limited to 2500 pieces worldwide • Acrylic platter • Artwork by respected streetartist Shepard Fairey • Belt drive with synchronous motor and silicone belt • Diamond cut aluminium drive pulley • Chassis made of resonance in-sensitive MDF • Integrated DC-powered motor control minimizes motor vibration and guarantees speed stability • Low tolerance platter bearing with stainless steel spindle • 8.6” aluminium tonearm with saphire bearings Ortofon OM10 cartridge pre-mounted • High-quality semi-balanced Connect it E phono interconnect with gold-plated RCA connectors included • Special decoupling feet • Dust cover included • Dimensions: 420x112x330mm (WxHxD) • Weight: 5.0 kg net

499 €

Ringo Starr Peace & Love Turntable

- Special edition of Essential III • Artwork designed by Ringo Starr himself • Acrylic platter • Belt drive with synchronous motor and silicone belt • Diamond cut aluminium drive pulley • Chassis made of resonance in-sensitive MDF • Integrated DC-powered motor control minimizes motor vibration and guarantees speed stability • Low tolerance platter bearing with stainless steel spindle • 8.6” aluminium tonearm with saphire bearings • Ortofon OM10 cartridge pre-mounted • High-quality semi-balanced Connect it E phono interconnect with gold-plated RCA connectors included • Special decoupling feet • Dust cover included • Dimensions: 420x112x330mm (WxHxD) • Weight: 5.0 kg net

499 €

Rolling Stones Recordplayer

- Unmistakable artwork • Belt drive with synchronous motor and silicone belt • Chassis made of resonance in-sensitive MDF • Integrated DC-powered motor control minimizes motor vibration and guarantees speed stability • Low tolerance platter bearing with stainless steel spindle • 8.6” aluminium tonearm • Ortofon OM10 cartridge pre-mounted • High-quality semi-balanced Connect it E phono interconnect With gold-plated RCA connectors included • Special decoupling feet • Dust cover included • Dimensions: 415x118x320 mm (WxHxD) lid closed • Weight 5.5 kg net

375 €

Essential III Demon by Parov Stelar

- Limited edition “The Demon Diaries” design • Belt drive with silicone belt • Low vibration synchronous motor • Integrated motor control with DC power supply ensures silent running • Main platter bearing made from stainless steel runs in bronze bushing with Teflon bottom • 8.6” aluminium tonearm with saphire bearings • Ortofon OM5e cartridge, pre-mounted • Pre-mounted gold-plated RCA interconnect cable • Special turntable feet for effective decoupling • Dustcover included • Dimensions: 420x112x330 mm (WxHxD) • Weight: 4.0 kg net

359 €

PS01 - Wave by Parov Stelar

- “Must have” for fans of Parov Stelar and vinyl • Exclusive design with 7 printing layers • 8.6” carbon tonearm • Heavy non resonant acrylic platter • DC power supply with synchronous AC motor • TPE motor suspension • Magnetic cartridge 2M Red from Ortofon • Hightech damping feet made from TPE for up to 20% higher listening levels without distortion • Dust cover included • Dimensions (lid closed): 415x118x320 mm (WxHxD) • Weight: 4.9 kg net

550 €

PS00 - Frida by Parov Stelar

- “Must have” for fans of Parov Stelar and vinyl • Exclusive design with 7 printing layers • 8.6” carbon tonearm • Heavy non resonant acrylic platter • DC power supply with synchronous AC motor • TPE motor suspension • Magnetic cartridge 2M Red from Ortofon • Hightech damping feet made from TPE for up to 20% higher listening levels without distortion • Dust cover included • Dimensions (lid closed): 415x118x320 mm (WxHxD) • Weight: 4.9 kg net

550 €

Hard Rock Café Turntable

- Unique Hard Rock label artwork • Instant playback with super-easy setup • Pre-adjusted tracking force & anti-skating force • Ortofon OM5e cartridge, pre-mounted • 8,6” aluminium tonearm with saphire bearings • Belt drive with silicone belt • Low vibration synchronous motor & DC power supply • Pre-mounted gold-plated RCA interconnect cable • Special turntable feet for effective decoupling • Acrylic lid included • Dimensions: 420x112x330 mm (WxHxD) • Weight: 4.0 kg net

349 €

Hans Theessink Recordplayer

- Special edition of Essential III • Acrylic platter • Belt drive with synchronous motor and silicone belt • Diamond cut aluminium drive pulley • Chassis made of resonance insensitive MDF • Integrated DC-powered motor control minimizes motor vibration and guarantees speed stability • Low tolerance platter bearing with stainless steel spindle • 8.6" aluminium tonearm with sapphire bearings • Ortofon OM10 cartridge pre-mounted • High-quality semi-balanced Connect it E phono interconnect with gold-plated RCA connectors included • Special decoupling feet
- Dust cover included • Dimensions: 420x112x330mm (WxHxD) • Weight: 5.0 kg net

450 €

Primary DelaDap Wave

- Belt-drive with synchronous motor • Special artwork by DelaDap • Ortofon OM5e pickup • Vibration absorbing feet • CNC'd special composite fibre chassis • Highly precise and light aluminium tonearm • Sapphire-tonearm bearing • Gold-plated contacts
- Stainless steel bronze bushing • Elegant dustcover with adjustable hinges
- Silicon belt with optimum dampening • Dimensions: 420x112x330 mm (WxHxD) • Weight: 4.0 kg net

399 €

HIFI ELECTRONICS

Bluetooth Box E

• Wireless music streaming with almost CD-quality • Bluetooth 2.1 + EDR • Supports aptX & SBC codec • Easy to install and use • Fast auto pairing (3 to 5 seconds) • Up to 8 different Bluetooth sources are memorized • Works within a range of approximately 10 meters • RCA analogue and Toslink digital outputs (switchable) • Outboard power supply included • Dimension: 120x32x100/106 mm (WxHxD/D with sockets) • Weight: 250 g without power supply • Colour options: black or white

☐ ☒ 79 €

DAC Box E

• 24bit / 192kHz D/A conversion • Co-axial (RCA) & optical (Toslink) S/PDIF input SMD circuitry • Special low noise components • Internal metal shielding • Small size allows installation close to source • Gold plated RCA connection sockets • Outboard power supply included • Dimensions: 120x32x100/106 mm (WxHxD/D with sockets) • Weight: 250 g without power supply • Colour options: black or white

☐ ☒ 99 €

Optical Box E Phono

• Especially for use with devices with no analogue input such as home cinema receivers, soundbars etc • Analogue RCA and digital optic output work simultaneously • Works as input extender (2>1) or output splitter (1>2) • 2 Inputs: 1 Phono and 1 Line In • Suitable for MM cartridges • Precise RIAA equalisation Low noise circuitry • Internal metal shielding • Gold-plated RCA inputs • Outboard power supply included • Dimensions: 120x32x100/106 mm (WxHxD/D with sockets) • Weight 250 g without power supply • Colour options: black or white

☐ ☒ 119 €

Phono Box E

• Amplification and RIAA equalisation for MM cartridges • Design principle inspired by Dr. Sykora • SMD circuitry • Special low noise components • Internal metal shielding • Small size allows installation close to record player • Gold plated RCA connection sockets • Outboard power supply included • Dimension: 120x32x100/106 mm (WxHxD/D with sockets) • Weight: 269 g without power supply • Colour options: black or white

☐ ☒ 69 €

SOURCES

Phono Box E BT

• Wireless Bluetooth streaming from phono or line sources • 2 Inputs: 1 Phono and 1 Line Input • Suitable for MM cartridges • Precise RIAA equalisation • Use analogue RCA & bluetooth output simultaneously • Low noise circuitry • Internal metal shielding • Gold-plated RCA connectors • Outboard power supply included • Dimensions: 120x32x100/106 mm (WxHxD/D with sockets) • Weight: 280 g without power supply • Colour options: black or white

☐ ☒ 119 €

Record Box E

• Amplification and RIAA equalisation for MM & MC • Design principle inspired by Dr. Sykora • Digitalisation of vinyl for recording direct to USB with suitable recording programs • Automatic recognition, no additional drivers needed • Runs on Windows®, Mac OS® & Linux operating systems • SMD circuitry with special low noise components • Internal metal shielding • Small size allows installation close to record player • Gold plated RCA connection sockets • Outboard power supply included • Dimensions: 120x32x100/115 mm (WxHxD/D with sockets) • Weight: 250g without power supply • Colour options: black or white

☐ ☒ 99 €

PHONO

Control it

• Manage all components with a single remote • Pre-programmed - no setup necessary • Simple and easy to use • Widespread IR emission up to 135° • Rugged design • Dimension : 47x30x210 mm (WxHxD)

☒ 29,90 €

REMOTE CONTROL

DAC Box E Mobile

• Portable D/A converter • High resolution support up to 32bit/192kHz • USB-C input • Extreme compact form factor • No batteries needed • Solid metal casing Dimension: 28 x 14 x 69.2 mm (WxHxD) • Colour options: silver or black

☐ ☒ 99 €

MOBILE

Phono Box MM

• Metal case shields the electronics from vibrational and electromagnetic interference • Special low-noise ICs used • Optimal channel separation through dual-mono circuitry • Gold plated RCA connection sockets • DC power supply (< 1 watt standby power) • Amplification and RIAA equalisation for MM cartridges • Small size allows installation close to record player • Dimensions: 107x30x75 mm (WxHxD) • Weight: 280g without power supply

79 €

PHONO

DAC Box TV

• Digital to analogue converter • Audio-upgrade for TV, Sat, Computer • 24bit/192kHz Cirrus Logic DAC chip • Supports 24bit audio data • Up to 192kHz sampling rates • Automatic signal sensing technology • Low clock jitter sensitivity • RCA connectors gold plated (in & out) • Metal casing protects against vibration and interference • Dimensions W x H x D: 107 x 30 x 64 (75) mm (incl. sockets) • Weight: 290g without power supply

99 €

SOURCES

Phono Box

• Preamplifier for MM or MC with switch on rear panel • Best buy classic • DC power supply (< 1 watt standby power) • Precise RIAA equalisation • Low noise ICs • Output stage with ultra-low impedance • Gold-plated RCA sockets • Small size for installation near recordplayer • Dimensions: 103x36x104 /115 mm with sockets (WxHxD) • Weight: 570 g • Faceplate in silver or black

99 €

Phono Box USB

• Preamplifier for MM or MC with switch on rear panel • Precise RIAA equalisation • High quality A/D conversion with USB out to PC/Mac • Compatible with Windows®, MacOS® & Linux • SMD technology for shortest signal paths • Output stage with ultra-low impedance • Gold-plated RCA sockets • DC power supply (< 1 watt standby power) • Dimensions: 103x36x104/115 mm with sockets (WxHxD) • Weight: 570 g • Faceplate in silver or black

139 €

Phono Box USB V

• Preamplifier for MM or MC with switch on rear panel • Precise RIAA equalisation • Phono/line selector on front • Record level adjustment • High quality A/D conversion with USB out to PC/Mac • Compatible with Windows®, MacOS® & Linux • SMD technology for shortest signal paths • Output stage with ultra-low impedance • DC power supply (< 1 watt standby power) • Dimensions: 103x36x104/115 mm with sockets (WxHxD) • Weight: 580 g • Faceplate in silver or black

159 €

What is Box Design S2?

We designed a revolutionary range of high-end electronic micro components, engineered and manufactured according to the same principles as our acclaimed turntables. The idea is to make the devices as small as possible, but still have a breathtaking sound performance.

Amp Box S2

- Ultra compact amplifier module • More power and further improved performance • Stereo input (RCA) • Isolated speaker sockets (Suitable for banana/spade/pin/bare wire) • Trigger input • Trigger output for further Amp Box S2 • Metal casing protects against vibration and interference • On/Off front-sided • Weight: 385 g without power supply • Colour options: silver or black

229 €

Head Box S2

- Suitable for demanding headphones • 6.35mm and 3.5mm headphone output • Bypass RCA loop output for additional amplifier • Superior low distortion • Low noise components for ultimate sound performance • Small footprint • Both outputs usable simultaneously • Aluminium/metal sandwich casing protects against vibrations and electromagnetic interference • Weight: 365g without power supply • Colour options: silver or black

129 €

MaiA S2

- Stereo integrated amplifier with 9 input options • 2x38 watts @ 4 ohms • Dual mono design principle • Inputs: 3x stereo line, 1x phono (RCA), 1x bluetooth (aptX), 2x digital optical, 1x digital coax, 1x USB • XMOS asynchronous USB • DAC: Cirrus Logic CS4344 24bit/192kHz Multi-bit Delta Sigma • 4th generation Bluetooth with aptX capability & antenna • Phono MM + high output MC input • Volume control with motor driven potentiometer • Headphone output • Variable output for subwoofer or second zone amp • IR remote included • Improved all-aluminium case and board layout improve electromagnetical interference • Dimensions W x H x D: 206 x 38 x 165 (176mm with sockets) • Weight: 925g without power supply

499 €

Pre Box S2 Analogue

- Advanced circuitry with premium components • Neutral sound with superior low noise floor • 3 Stereo Line inputs • 1 fixed line output • 1 pre output • Motorised volume control • SMD for short signal paths • Low output impedance for low loss with long cables • Gold-plated connections • Remote control for on/off, input select, volume • Trigger outputs for Amp Box S2 • Alu/Metal casing protects against vibration and interference • Weight: 405 g without power supply • Colour options: silver or black

249 €

Stereo Box S2

- High End integrated amplifier with 3 line inputs • 2x 37 watts @ 4 ohms
- Gold plated RCA connectors • Isolated speaker outputs • IR remote control for volume, input, power included • 3.5mm variable output on back • Full aluminium/ metal casework • Weight: 660g without power supply • Colour options: silver or black

259 €

AMPLIFIER

Phono Box S2 Ultra

- Audiophile performance • No Operational Amplifiers used • Audiophile-grade polystyrene capacitors • Precise RIAA equalisation • Switchable Subsonic filter –18 dB @ 20Hz • Switchable input impedance/capacitance • 4 adjustable gain levels • Outstanding sound quality • Weight: 570 g net • Colour options: silver or black

250 €

Stereo Box S2 BT

- High End integrated amplifier • 2 line inputs • High quality Bluetooth receiver • 2 x 37 watts @ 4 ohms • Gold plated RCA connectors • Isolated speaker outputs • IR remote control for volume, input, power included • Full aluminium/metal case-work • Weight: 660 g without power supply • Colour options: silver or black

299 €

Tube Box S2

- Suitable for MM and MC cartridges • Precise RIAA equalisation in two parts, passive/active • Fully discrete circuit design without OpAmps • 2x ECC83 tubes (replaceable) • Front-sided Subsonic filter button • Front-sided Gain control
- Ultra low noise circuitry with FET input stage • Dual mono circuitry for optimized channel separation • Polystyrene capacitors used where possible
- Gold-plated RCA in-and outputs • External power adaptor and multiple internal power supplies • Well-filtrated high-voltage anode power supply • Dimensions (with sockets & Tubes): 103x73x131 mm (WxHxD) • Weight: 410 g without power supply • Colour options: silver or black

359 €

AD Box S2 Phono

- MM & MC capable • Linear RIAA equalisation • Phono stage technology by Dr. Sykora • Line level input switchable • Recording level control • USB recording output to computer (Win & Mac) • Ultra low noise & low distortion levels SMD circuitry • Metal casing protects against vibration and interference • Weight: 330 g without power supply • Colour options: silver or black

199 €

PHONO

Bluetooth Box S2

- Wireless music streaming with almost CD-quality • Bluetooth 3.0 • Supports aptX & SBC codecs • Easy to install and use • Fast auto pairing (3 to 5 seconds)
- Up to 8 different Bluetooth sources are memorized • Works within a range of approximately 10 meters • RCA stereo analogue and optical Toslink output
- Outboard power supply included • Antenna included • Dimensions (with sockets): 116x37x108 mm (WxHxD) • Weight: 320 g • Colour options: silver or black

159 €

SOURCES

Phono Box S2

- Audiophile performance • Dual mono configuration • Audiophile-grade amplification modules • Audiophile-grade polypropylene WIMA capacitors
- Precise RIAA equalisation • Switchable Subsonic filter –12dB @ 20Hz
- Switchable input impedance/capacitance • 4 adjustable gain levels
- Outstanding sound quality • Weight: 570 g net • Colour options: silver or black

159 €

CD Box S2

- Smallest Hifi CD player on the market • Mini-PC controlled drive • 32bit/384kHz DAC for precise playback of Audio-CDs • 2 different digital filters selectable (FIR and IIR) • Optical TOSlink S/PDIF Digital output • Slot-in mechanism • Remote control with volume level adjustment of Pro-Ject amplifiers • New all-aluminum case in beautiful S2 design protects against vibration and interference
- Dimensions W x H x D: 205 x 37 x 155 (165mm with sockets) • Weight: 950g without power supply • Colour options: silver or black

499 €

DAC Box S2 +

- High end ESS Sabre ESS9038 DAC • Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors • 32bit / 768kHz PCM support • DSD64, DSD128 & DSD256(DSD over PCM) • Up to 24bit/192kHz for optical & coax inputs • 5 selectable digital filter characteristics • 1 proprietary optimum transient digital filter • Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds • Gold plated four layer PCB • Weight: 355g without power supply • Full alu/metal sandwich casing • Colour options: silver or black

249 €

Head Box S2 Digital

- High end ESS Sabre ESS9038 DAC • Proprietary clock circuitry design • Organic polymer capacitors and thin film miniMELF resistors • 32bit / 768kHz decoding • DSD64, DSD128 & DSD256 (DSD over PCM) • Up to 24bit/192kHz for optical & coax inputs • 5 selectable digital filter characteristics • 1 proprietary optimum transient digital filter • Headphone output on the front (6.3mm) • Synchronization of all internal oscillators • Jitter as low as 100 Femtoseconds • Gold plated four layer PCB • Weight: 360 g without power supply • Full alu/metal sandwich casing • Colour options: silver or black

299 €

Pre Box S2 Digital

- Dual mono construction • High end ESS Sabre ESS9038 dual DAC • Proprietary clock circuitry design • Organic polymer capacitors and thin film miniMELF resistors • MQA hardware decoding • DSD64, DSD128, DSD256 & DSD512 (DoP, DSD512 native) • Up to 24bit/192kHz for optical & coax inputs • Headphone output on the front (6.3mm) • Synchronization of all internal oscillators • Jitter as low as 100 Femtoseconds • Gold plated four layer PCB • Weight: 366 g (without power supply) • Full alu/metal sandwich casing • Colour options: silver or black

375 €

Stream Box S2 Ultra

- High resolution network bridge • Audio optimized USB A output • Multi-room enabled • Dual USB A input for external storage • TIDAL supported • Spotify Connect • Network-enables any modern DAC with USB input • Internet radio • DLNA enabled • Bypasses all audio formats to the DAC • Cleans up the audio signal from a PC • Roon ready • Shairport • Bluetooth (for control) • Uses dedicated power supplies • HDMI video output • Controllable via smart devices and PC/Laptop • New control app • Ethernet and WiFi connectivity • Weight: 375 g (without power supply) • Colour options: silver or black

699 €

SOURCES

Stream Box S2

- Compact multiroom streamer • 24/192 streaming client • Spotify Connect, TIDAL • TuneIn, iHeartRadio internet radios • UPnP, DLNA support • Multi-room • Stereo pairing • ESS9023 DAC • WAV, ALAC, FLAC, MP3, APE, AAC • Line Input • Fixed, variable analogue & optical outputs • Shairport • WiFi 802.11 b/g/n • Free control App „Pro-Ject Stream S2“ (iOS/Android) • Full aluminium/metal casework • Weight 375 g (without power supply) • Colour options: silver or black

299 €

Tuner Box S2

- Micro-sized FM-Tuner • 99 presets • Manual or automatic tuning • Adaptive noise reduction • High-contrast dot-matrix display • Display of frequency, preset number, centre of station, Stereo or Mono reception, signal strength • Trigger switching (on/off) • Full function IR remote control • Tuning range FM-band: 87,5 - 108MHz (50kHz steps) • Full aluminium/metal casework • Weight 315 g (without power supply) • Colour options: silver or black

159 €

Accu Box S2

- Superlative audiophile power transmission • Accu driven power supply • No disturbing interferences through mains • Perfect for all phono electronics • 1 x 18V output • 1 x 5V USB A output • LED indication for charging and mains • Full aluminium/metal casework • Weight: 545 g, without power supply • Colour options: silver or black

249 €

POWER

Accu Box S2 USB

- Superlative audiophile power transmission • Accu driven power supply • No disturbing interferences through mains • Perfect for all S2 DACs • 1 x 5V USB A output • 2600 mAh capacity • LED indication for charging and mains • Full aluminium/metal casework • Weight: 420 g, without power supply • Colour options: silver or black

199 €

Power Box S2

- Superlative audiophile power transmission • Non switching power supply • No disturbing interferences through mains • 1 x 20V output, e.g. for Amp Box S2
- 1 x 15V output perfect for turntables • 1 x 5V USB A output • Low noise components • Full aluminium/metal casework • Weight: 360 g, without power supply
- Colour options: silver or black

199 €

POWER

Remote Box S2

- Controls all Box Design components • App control for enhanced comfort
- Bluetooth range up to 10m (antenna included) • Remote function for a wide array of IR receivers • Free Box Control App available for Android and iOS
- On/Off front-sided • Colour options: silver or black

229 €

REMOTES

Control it Pre Box S2 Digital

- Controls Pre Box S2 Digital • Pre-programmed remote control
- Also controls playback-software • Batteries included

69 €

DAC & Streaming Set S2

- High end ESS Sabre ESS9038 DAC • Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors • 32bit / 768kHz PCM support • DSD64, DSD128 & DSD256(DSD over PCM) • Up to 24bit/192kHz for optical & coax inputs • 5 selectable digital filter characteristics • 1 proprietary optimum transient digital filter • Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds • Gold plated four layer PCB • Weight: 355g without power supply • Full alu/metal sandwich casing • Colour options: silver or black

1.499 €

Accu Box S2

- Superlative audiophile power transmission • Accu driven power supply
- No disturbing interferences through mains • Perfect for all phono electronics and turntables • 1 x 18V output • 1 x 5V USB A output • LED indication for charging and mains • Full aluminium/metal casework • Weight: 545 g, without power supply • Colour options: silver or black

399 €

MaiA S2 Chrome

- Stereo integrated amplifier with 9 input options • 2x38 watts @ 4 ohms • Dual mono design principle • Inputs: 3x stereo line, 1x phono (RCA), 1x bluetooth (aptX), 2x digital optical, 1x digital coax, 1x USB • XMOS asynchronous USB
- DAC: Cirrus Logic CS4344 24bit/192kHz Multi-bit Delta Sigma • 4th generation Bluetooth with aptX capability & antenna • Phono MM + high output MC input
- Volume control with motor driven potentiometer • Headphone output • Variable output for subwoofer or second zone amp • IR remote included • Improved all-aluminium case and board layout improve electromagnetical interference
- Dimensions W x H x D: 206 x 38 x 165 (176mm with sockets) • Weight: 925g without power supply

999 €

CD Box S2 Chrome

- Smallest Hifi CD player on the market • Mini-PC controlled drive • 32bit/384kHz DAC for precise playback of Audio-CDs • 2 different digital filters selectable (FIR and IIR) • Optical Toslink S/PDIF Digital output • Slot-in mechanism • Remote control with volume level adjustment of Pro-Ject amplifiers • New all-aluminum case in beautiful S2 design protects against vibration and interference
- Dimensions W x H x D: 205 x 37 x 155 (165mm with sockets) • Weight: 950g without power supply

899 €

CHROME EDITION

MaiA S2 Chrome & CD Box S2 Chrome!

What is Box Design DS2?

The success of our early analogue products has lead us to develop hi-fi electronics engineered and manufactured according to the same principles as our acclaimed turntables. The result of this approach is our Box Design product line. Our DS2 series is a full range of hi-fi stereo electronic components designed for everyone who wants to experience hi-fi stereo in superior quality.

Wooden side panels increase MSRP by 50 €.
Casing dimensions without wooden side panels (W x H x D): 206 x 194 x 71 mm
Casing dimensions with wooden side panels (W x H x D): 240 x 194 x 72 mm
The specifications describe the basic casing dimensions without switches & in/output connectors.
Except the Tube Box DS2. Please refer to product description for dimensions.

Amp Box DS2

- Superior Class D modules • Impressive signal spectrum and lower distortion
- High efficiency from mains to audio power • Low heat emission • Stereo level input (RCA) • Loop output (RCA) • Isolated speaker outputs • Trigger input & loop out • Elegant aluminium - metal sandwich casing • 2x140/100 watts 4/8 Ω
- Weight: 1670 g (Alu) without power supply; 2130 g (Wood) without power supply
- Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

549 €

Amp Box DS2 Mono

- Audiophile PWM circuit (Pulse Wave Modulation) • Very low distortion at very impressive bandwidth • High efficiency from mains to audio power • Multi layered PCB for short signal paths • Line level input (RCA) • Loop output (RCA) • Isolated speaker outputs • Trigger input & loop out • Elegant aluminium - metal sandwich casing • 1x205/120 watts 4/8 Ω • Weight: 1450 g (Alu) without power supply; 1900 g (Wood) without power supply
- Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

499 €

Head Box DS2 B

- Enough power to drive demanding headphones • Dual mono design principle
- Four gain settings to match any headphone • Three current settings to deliver best sonics • Single ended (6.3 mm) and balanced (4 Pin XLR) headphone output
- Both outputs usable simultaneously • Phase inverter built in at input stage to convert unbalanced signal to a balanced one for superior sound • Powerstage realized by two TPA6120A2 chips • BLUE ALPS potentiometer for best volume control • Weight: 1461 g (Alu) without power supply; 1940 g (Wood) without power supply
- Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

499 €

MaiA DS2

- Powerful 135 watts per channel (2 ohms drive capability) • Dual mono design principle • Built-in phono pre-amplifier with MM & MC capability • Other inputs: 3x analogue, 5x digital including USB 2.0 • XMOS asynchronous USB 24bit/192kHz • DSD capability • dual 24bit/192kHz D/A converter PCM1796
- 4th generation Bluetooth with aptX capability & antenna • Headphone output with dedicated amplifier stage • Fixed & variable outputs for subwoofer or second zone amp • IR remote & Built-in App Remote Control via Bluetooth • Free Box Control App • Weight: 1730 g (Alu) without power supply; 2130 g (Wood) without power supply
- Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

949 €

Stereo Box DS2

• Dual mono design principle • Built-in phono pre-amplifier with MM & MC capability • Other inputs: 3x analogue, 1x Bluetooth • 4th generation Bluetooth with aptX capability & antenna • Volume control with motor driven potentiometer • Headphone output with dedicated amplifier stage • Fixed & variable outputs for subwoofer or second zone amp • Trigger In and Output • IR remote & built-in App Remote Control via Bluetooth • Free Box Control App controls this device & other IR equipment • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

749 €

Pre Box DS2 analogue

• Analogue RCA inputs • Fixed line level output as well as variable output • Mono subwoofer RCA output • Trigger in/out • RCA Line Level solid state output • Ultra linear circuit • Coupling-capacitor free signal path • Ultra low noise floor • IR remote control supplied • Weight: 1430 g (Alu) without powersupply; 1880 g (Wood) without powersupply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

449 €

Pre Box DS2 digital

• Phono stage (MM/MC), Line In on board • 5 digital Inputs: 1x USB, 2x optical, 1x coax, 1x Bluetooth (aptX) • Top grade AK4490 D/A chip (32-bit PCM 768kHz / DSD256) • Up to 32bit/768kHz asynchronous USB (XMOS technology) • DSD64, DSD128 & DSD256 (DSD over PCM) • Up to 24bit/192kHz for optical & coax inputs • Headphone output on the front (6.3mm) • High-end ultra low phase oscillator with superior noise rejection • RCA line level solid-state analogue output stage • Ultra linear & ultra low noise circuitry • Weight: 1570 g (Alu); 2000 g (Wood) without powersupply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

799 €

CD Box DS2 T

• Three digital outputs (Optical, S/PDIF Co-axial and AES/EBU) • Excellent 4-layer suspended CD transport • „Blue tiger“ servo board for 1:1 CD playback • Luxurious slot-in mechanism • DC power supply (<1 Watt standby power consumption) High contrast dot-matrix display • Trigger in and output • Massive 3 mm aluminium faceplate • Solid cabinet protects against vibration and interference • Weight: 1620 g (Alu), without power supply; 2070 g (Wood), without power supply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

649 €

AMPLIFIER

CD Box DS2

• HiRes capable CD player and DAC • PCM up to 32/384 and DSD256 (DoP) - via USB input • Four digital inputs (2x optical, coaxial, USB B) • Two digital outputs (optical, coaxial) • Line Level output (RCA) • Excellent 4-layer suspended CD transport • Blue Tiger CD-80 servo board for 1:1 CD playback • Luxurious slot-in mechanism • DC power supply (<1watt standby power consumption) • High contrast dot-matrix display • Trigger in and output • Solid cabinet protects against vibration and interference • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut • Weight: 1520g (alu) without power supply 1920g (wood) without power supply

799 €

DAC Box DS2 ultra

• Top grade AK4490 D/A chip (32-bit PCM 768kHz / DSD256) • 6 Inputs: 1x USB, 3x optical (TOSlink®), 2x coax (S/PDIF) • Up to 32bit/768kHz asynchronous USB (XMOS technology) • DSD64, DSD128 & DSD256 (DSD over PCM) • Up to 24bit/192kHz for optical & coax inputs • High-end ultra low phase oscillator with superior noise rejection • RCA line level solid-state analogue output stage • Separate power supplies for every stage with advanced filter technology • Weight: 1410 g (Alu), without power supply; 1880 g (Wood), without power supply • Full metal casing in silver or black • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

649 €

Stream Box DS2 T

• 24 bit / 192 kHz Hires Audio streaming client • Spotify Connect support • Lossless streaming with TIDAL • WAV, AIFF, FLAC, WMA9 lossless, ALAC & AAC • FLAC decoding for all 9 compression levels including Level 0 (data rate up to approximately 9 mbit/s) • Gapless playback of all audio formats • Digital coax and optical output • Wifi 802.11 b/g allowing real 24/192 with Wifi • Special proprietary NetAPI implemented for fast access • Free Control APP (iOS & Android) • Weight: 2750 g without power supply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

749 €

Phono Box DS2

• Suitable for MM and MC cartridges • Precise RIAA equalisation • Dual mono circuitry for optimized channel separation • Selectable input impedance on front • Selectable input capacitance on front • Low noise ICs • Gold-plated RCA in & outputs • Sandwich alu/metal casing protects from vibrations and electromagnetic interference • Weight: 1320 g (Alu); 1770 g (Wood) without power supply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

349 €

PHONO

Phono Box DS2 USB

- Suitable for MM and MC cartridges • Analogue RCA, USB and optical out on back • 3 Inputs (2 Phono, 1 Line) • Precise RIAA equalisation • Dual mono circuitry for optimized channel separation • Selectable input impedance on front • Digital output sampling frequency adjustable • Low noise circuitry • Gold-plated RCA in & outputs • Sandwich alu/metal casing protects from vibrations and electromagnetic interference • Weight: 1340 g (Alu); 1780 g (Wood) without power supply • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

549 €

PHONO

Tube Box DS2

- Suitable for MM and MC cartridges • Precise RIAA equalisation • Ultra low noise circuitry • Selection between 2 phono inputs & 2 line outputs • Dual mono circuitry for optimized channel separation • Selectable input impedance (for MC: fix or variable) • Selectable input capacitance (for MM) • Selectable subsonic filter • Gold-plated RCA in & outputs • Sandwich alu/metal casing protects from vibrations and electromagnetic interference • Dimensions (WxHxD): 206x91x227 mm (Alu); 240x93x227 mm (Wood) • Weight (without power supply): 1500 g (Alu) 1960 g (Wood) • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

699 €

Power Box DS2 Sources

- Universal linear power supply for up to 5 components & 1 turntable • Purest & cleanest power using non-switching power supply • Not suitable for integrated & power amplifiers, receivers etc • Soft start system avoids current inrush in primary winding • Audio type toroidal transformer • Main isolating transformer with copper foil shielding • Secondary voltage rectification with precise regulation • High filtration capacity (10.000 µF) • Low ESR capacitors • Low noise components with surge protection • Input voltage: AC 230V/50Hz IEC C15 connector (120V/60Hz US) • Output voltage ripple: < 1mV • Weight: 3000g (aluminium), 3400g (wood) • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

549 €

POWER

Power Box DS2 Amp

- Linear Power Supply Upgrade for Pro-Ject DS2 Series Power Amplifiers • Replaces original "switching" power supplies • Significant sound improvement with better dynamic and bass response, improved soundstage • Big toroidal transformer with copper shielding • Massive 3 mm aluminium faceplate • Solid cabinet protects against vibration and interference • Very low output impedance • Filtration capability 40.000 uF capacitors low ESR types • Weight: 4700g (aluminium) • Available in silver or black with optional satin wooden side panels in Eucalyptus or Walnut

549 €

What is Box Design RS?

The RS Line is our very top of the line series, featuring only the absolute best components. Class A circuitry, tube stages, analogue potentiometers – all to deliver the maximum sound. The RS Line features a harmonic and musical sound that convinces with a lush midrange and loads of emotions.

Amp Box RS

AMPLIFIER

- Fully balanced double mono design (Pulse Wave Modulation) • Highly efficient conversion from mains to output power (92%) • 2 ohms drive capability • Tube buffer stage with reference quality • SMD construction for shortest signal paths
- Line level preamp inputs (RCA & XLR) • Top-quality speaker terminals • Metal casing protects against vibration and interference • DC power supply (< 1 Watt standby power) • 2x180/110 watts 4/8 Ω • Dimensions (with sockets): 206x72x220 mm (WxHxD) • Weight: 2120 g without power supply • Colour options: silver or black

899 €

Amp Box RS mono

- Highly efficient conversion from mains to output power (92%) • 2 ohms drive capability • Tube buffer stage with reference quality • SMD construction for shortest signal paths • Line level preamp inputs (RCA & XLR) • Top-quality speaker terminals • Metal casing protects against vibration and interference
- DC power supply (< 1 Watt standby power) • 1x180/120 watts 4/8 Ω • Dimensions (with sockets): 206x72x220 mm (WxHxD) • Weight: 1890 g without power supply • Colour options: silver or black

799 €

Head Box RS

- Fully balanced double mono design • Tube input stage • Class-A FET output stage • Switchable output impedance for ultimate performance • Superior low distortion • Low noise components for ultimate dynamic & detail • Output: 6.3mm socket • Optional Upgrade: Linear power supply Power Box RS Uni 1 (or 4) for further improved sound quality • Dimensions: 206x72x200 (209) mm (WxHxD) • Weight: 2150 g without power supply • Colour options: silver or black

799 €

Pre Box RS

- Fully balanced double mono design • Ultra-linear and ultra low noise • Pure Class A circuitry • Input switching via relays • Low ESR capacitors • Blue Alps volume control • 3 XLR & 3 RCA inputs • 1 Pre-out XLR & 1 Record-out RCA
- DC power supply (< 1 watt standby power) • IR remote control included • Metal casing protects against vibration and interference • Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 1950 g without power supply • Colour options: silver or black

899 €

Pre Box RS Digital

- Switchable DAC chips: 2x PCM1792 or PCM5102 • 9 digital inputs: i²S, AES/EBU, Toslink, S/PDIF coax • Analogue: Pre-out XLR/RCA/headphone, RCA input
- Headphone amp with adaptable output impedance • Fully balanced double mono design • Output stage switchable between 6922 tube & solid state
- Ultra-linear and ultra low noise • Pure Class A circuitry • Blue Alps volume control • DC power supply (< 1 watt standby power) • IR remote control included
- Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 1950 g without power supply • Colour options: silver or black

1.199 €

Stereo Box RS

- 2 x 120 Watts @ 4 ohms • 2 Ohms drive capability • Pure analogue audio circuitry • Dual mono & fully balanced design principle • 6 stereo line inputs (XLR & RCA) • Pre & subwoofer plus fixed level record out • Tube buffer input stage (6922) • Motor driven potentiometer • IR remote included • High class metal casing • DC power supply (< 1 Watt standby power) • Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 2650 g without power supply
- Colour options: silver or black

999 €

CD Box RS

- Toploading CD drive with aluminium cover plate • Magnetic clamp • Plays CD Audio, CD-R, CD-RW, Hybrid-SACD (44.1kHz/16bit CD layer only) • Plays formats: .wav, .flac (up to 24/96), .wma, .mp3 • Blue Tiger 100 Servosystem • Sonic Scrambling technology via I²S interface • I²S interface with RJ45 connection and BNC clock input for ultra low jitter • Full colour LCD screen displays time, tracks, text (if available) • Gravity design with central mass point • IR remote included • Dimension (with sockets): 72x206x210 mm (WxHxD) • Weight 3000 g without power supply • Colour options: silver or black

1099 €

DAC Box RS

- Double top grade PCM-1792 D/A chip from Texas Instruments • 9 Inputs: USB, AES-EBU, optical (Toslink), coax (S/PDIF) • 24bit/192kHz asynchronous USB (X MOS technology) • DSD (up to DSD128) capability (DSD over PCM) • I²S interface for CD Box RS (sonic2data transfer technology) with additional clock synchronisation port (BNC) • 2 selectable digital filter settings • Fully balanced analogue audio circuitry • Tube output stage & solid-state output stage (switchable) • Ultra linear & ultra low noise circuitry • IR remote control included XLR & RCA line level output sockets • DC power supply (< 1 watt standby power)
- Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 1890g without power supply • Colour options: silver or black

899 €

AMPLIFIER

Stream Box RS

- 24 bit / 192 kHz Hires Audio streaming client • Spotify Connect support (firmware 4.0.61.83 or higher) • Lossless-Streaming with TIDAL • XLR & RCA output
- Volume control via analogue Alps potentiometer • Fully balanced double mono triode tube output stage • Top notch Highend PCM 1792A DAC • WAV, AIFF, FLAC, WMA9 lossless, ALAC & AAC • FLAC decoding for all 9 compression levels including level 0 (data rate up to approximately 9 mbit/s) • 1x digital coax & 1x digital optical inputs • Gapless playback of all audio formats • Fixed analogue & digital coax outputs (RCA) • Wifi 802.11 b/g allowing real 24/192 over Wifi
- Special proprietary NetAPI implemented for fast access • Free Control APP (iOS & Android) • Colour options: silver or black

1.499 €

Phono Box RS

- MM & MC capable • True dual mono design • Balanced XLR & unbalanced RCA In & Outputs • Fully passive RIAA & DECCA equalisation • Unique continuously variable input impedance loading, matches every cartridge (adjustment even while playing) • RCA & XLR In & Out • Superior low noise / low distortion • Classy & elegant dip switches • DC power supply (< 1 watt standby power) • Metal casing protects against vibration and interference • Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 2000 g without power supply
- Colour options: silver or black

899 €

PHONO

Power Box RS Amp

- Suitable for Pro-Ject Audio Systems power amplifiers • Replaces original "switching" power supplies • Almost double amplifier power output combined with Amp Box RS, Amp Box DS & Stereo Box RS (2x 200/120 watts 4/8 ohms)
- Significant sound improvement with better dynamic and bass response, improved soundstage • Compatible with Amp Box RS, Amp Box RS Mono, Stereo Box RS but also with Amp Box DS or Amp Box DS Mono • Big toroidal transformer with copper shielding • Very low output impedance • Filtration capability 40.000 uF capacitors low ESR types • Dimensions: 201x72x195 mm (WxHxD) • Weight: 4800 g • Colour options: silver or black

499 €

POWER

Power Box RS Phono

- Purest & cleanest power for Phono Box RS • Fully isolates Phono Box RS from mains interference and noise while playback • Advanced Lithium Polymer battery (one for each channel) • Playback time approximately 4 hours • Charging time approximately 4 hours • Optimised battery life due to intelligent micro-processor controlled charging electronics • Status indicator LEDs on front • Dimensions: 201x72x195mm (WxHxD) • Weight: 2030 g without power supply
- Colour options: silver or black

499 €

Power Box uni 1-way

- Purest & cleanest power using non-switching power supply
- Soft start system avoids current inrush in primary winding
- Audio type toroidal transformer
- Main isolating transformer with copper foil shielding
- Secondary voltage rectification with precise regulation
- High filtration capacity (10.000 µF)
- Low ESR capacitors
- Low noise components with surge protection
- Output voltage / current: (1x) 20V / 3A max
- Dimensions: 201x72x195 mm (WxHxD)
- Weight: 4800 g
- Colour options: silver or black

449 €

Power Box uni 4-way

- Purest & cleanest power using non-switching power supply
- Soft start system avoids current inrush in primary winding
- Audio type toroidal transformer
- Main isolating transformer with copper foil shielding
- Secondary voltage rectification with precise regulation
- High filtration capacity (10.000 µF for each output)
- Low ESR capacitors
- Low noise components with surge protection
- Output voltage / current: (4x) 20V / 3A max
- Dimensions: 201x72x195 mm (WxHxD)
- Weight: 4800 g
- Colour options: silver or black

649 €

Control it DS/RS

- Pre-programmed system remote
- Control several Box Design components with a single remote
- Replaces standard Box Design IR remotes
- Compatible with DS2/DS/RS plus S components
- Batteries included
- Housing metal front made of brushed aluminium

39,90 €

Control it RS

- Pre-programmed system remote
- Control several Box Design components with a single remote
- Replaces standard Box Design IR remotes
- Compatible with RS products
- Batteries included
- Full aluminium housing & buttons

199 €

POWER

NEW!

What is Box Design RS2?

The RS2 Line is our new ultimate high-end series, taking our RS Line design approach to the next level.

CD Box RS2 T

- Ultimate CD Transport • Toploading CD drive • Magnetic clamp • Plays CD Audio, CD-R, CD-RW, Hybrid SACD • Blue Tiger CD-Pro 8 top loading module with suspension system and CD-84 servo board • I2S + Masterclock via HDMI connector • LCD screen displays time, tracks, text (if available) • Gravity design with central mass point • Supports: CD, CD-R, CD-RW (finalized) and Hybrid-SACD (44.1kHz/16bit CD layer only) • Digital outputs: AES3: 1 x balanced (AES/EBU) on XLR connector S/PDIF: 1 x optical (Toslink®) 1 x coaxial (RCA socket) I2S + Master Clock: 1 x HDMI connector • Aluminium IR remote included • Available in a silver or black high-quality aluminium chassis • Dimensions W x H x D (D with sockets): 206 x 78 x 200 (210)mm • Weight: 3.000g without power supply

2.495 €

Pre Box RS2 Digital

- Dual Mono DACs: 2 x ESS9038Q2M 32-bit • PCM 32Bit/768kHz, DSD512 (over USB) • 7 digital inputs: i2S HDMI, AES/EBU, Toslink, S/PDIF coax, USB, Bluetooth • 2 analogue inputs: unbalanced RCA, balanced XLR • 7 digital + 2 analogue filters • Unbalance RCA, balanced XLR, Headphone outputs • Hardware MQA Decoder and Renderer • Advanced upsampling and re-clocking for MQA and PCM • Output stage switchable between tube and solid state • i2S + Masterclock connection over HDMI for use with CD Box RS2 T • IR remote in full aluminium chassis included • Available in silver and black

1.995 €

DAC Box RS2

NEW!

- Dual Mono DACs: 2x ESS9038Q2M • High Quality optionally selectable upsampling of PCM and/or MQA content with proprietary filtering • Advanced re-clocking powered by new X MOS chip with Mult-Core RISC architecture • 6 digital inputs: asynchronous USB, i2S HDMI, AES/EBU, Toslink, S/PDIF coax • Fully balanced double mono design • Output stage switchable between 6922 tube & solid state • Ultra-linear and ultra low noise • New high-quality display with responsive and fast UI design • High quality full Aluminium remote control included • Available in silver and black

1.699 €

Phono Box RS2

NEW!

- Fully balanced, fully discrete phono preamp of the highest class • MM & MC capable • Fully balanced, true dual mono design • Fully discrete hardware design - NO Op-amps! • Fully passive RIAA & DECCA equalisation • Balanced XLR & unbalanced RCA In & Outputs • Unique continuously variable input impedance loading and channel balance control to match every cartridge to 100% (adjustment even while playing) • Superior low noise / low distortion • Metal casing protects against vibration and interference • Available in silver or black

1.499 €

SOURCES

PHONO

Speaker Box 5

- Audiophile bass-reflex design • Recommended amplifier power 10 to 150 watts • Magnetically shielded • Front cover with magnetic attachment
- Frequency response 55Hz - 20kHz • Gold-plated speaker terminal (single-wired) • Simple Wall-mount included • Speaker-Box Wall Bracket available as an option • Dimensions: 160x255x210 mm (WxHxD) • Weight: 4.2 kg • Colour options: High gloss white, black and red

   249 €

Speaker Box 10

- Audiophile 2-way design • Rear-ported bass-reflex cabinet • Recommended amplifier power 10 to 150 watts • 1" Silk dome tweeter • 2 x 4.5" paper cone midrange/woofers • Magnetic front grilles • Frequency range 50Hz - 20kHz
- Single-wired speaker terminal • Comes with adjustable spikes
- Dimenson:140x920x190 mm (WxHxD) • Weight: 11.7 kg, net each
- Colour options: High gloss white, black and red

   599 €

Sub Box 50

- Audiophile subwoofer • Full sound for any room • Compact size • Perfect companion for Speaker Box 5 and 10 • Low and high level input • Three amplifier modes • Down-firing bass driver • Metal back plate • Ultra stiff non resonating MDF cabinet
- Dimensions: 205x280x205 mm (WxHxD) • Weight: 6.0 kg • Colour options: High gloss white, black and red

   299 €

Speaker Box 5 S2

- Audiophile bass-reflex design • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit • Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired)
- Handmade in Europe • Dimensions: 160x271x215 mm (WxHxD) • Weight: 4.9 kg • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

    550 €

Speaker Box 10 S2

- Audiophile 2.5-way design • Rear-ported bass-reflex cabinet • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit
- Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired) • Handmade in Europe • Dimensions: 140x898x195 mm (WxHxD) • Weight: 12.7 kg, net each • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

    999 €

Speaker Box 5 DS2

• Audiophile bass-reflex design • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit • Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired) • Handmade in Europe • Dimensions: 160x271x215 mm (WxHxD) • Weight: 5.0 kg • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

Speaker Box 15 DS2

• Audiophile 2.5-way design • Rear port bass reflex cabinet • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Gravity mass-point by sand filled cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder Ecofriendly glue from Kleiberit • Acoustically transparent front cover with magnetic attachment (front and back) • Gold-plated speaker terminal (single-wired) • Height-adjustable spike feet with supports • Handmade in Europe • Dimensions: 160x978x260 mm (WxHxD) • Weight: 20.6 kg, per piece • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

○ ● ● ● 1.599 €

Clean it

- Smooth cleaner for diamant stylus • Conductive carbon fibers
- Eliminates static charges • Removes finest dust particles

10 €

Grease it

- To be used with inverted bearings • Helps a smooth movement
- Pre-filled syringe • Easy handling

15 €

Lube it

- High-tech lubricant for constant velocity

17,90 €

Adapt it

- Adaptor for use with 7-inch single records • Locates record centrally on turntable
- No plastic - precision CNC-machined • Non-magnetic aluminium
- Suitable for all brands and types of record players

14,90 €

Adjust it

- Suitable for all Pro-Ject tonearms • Allows fine adjustment of bearings, if misadjusted
- Caution: for qualified personnel only • Includes 2 inserts for different bearings
- Full metal (aluminium & brass)

25 €

Align it DS2

- Multiple protractors on one template • Tool for cartridge alignment and adjustment
- Suitable for other manufacturer's tonearms • Suitable for tonearms between 8" and 12" effective arm-length

39,90 €

Align it

- Tool for cartridge alignment and adjustment • Special slip-proof tool for defining the turning centre of Pro-Ject tonearms
- Adaptable to accommodate differing tonearm lengths • Also suitable for other manufacturers' tonearms
- Suitable for tonearms between 8" (203mm) and 12" (305mm) effective length

119 €

Level it

- Spirit level for optimum positioning of a turntable

25 €

Strobe it

- Control of turntable speed

29 €

Mount it

- Anti-magnetic precision screws • Stable installment of a cartridge • Made of stainless steel • Perfectly stable mounting of a cartridge • Three different sizes • Including allen key

14,99 €

Measure it E

- 4 digit LCD display with backlight • 4 weighing modes • Wide capacity 0 - 5g • Calibration weight • Precision data readouts with low variance • Auto calibration function • Auto power off after 30 seconds • Low power consumption • Button cell batteries included

35 €

Measure it S2

- Electronic stylus balance • 4 digit LCD-Display with backlight • Capacity 0 – 5g • Variance $\pm 0,001g$ • Auto calibration function • Auto off after 120 seconds • Replacement batteries supplied

99 €

Q up

- Automatic tonearm lifter for manual turntables • Lifts tonearm, when it moves to the end of a record • Extends stylus life • Suits nearly all tonearms and manual turntables • Includes three stackable platforms for turntables with thick platters • Adjustable trigger sensitivity • No AC or battery power needed • Easy to mount, no additional tools necessary

59 €

Brush it

- Carbon-fibre brush for record cleaning
- 15 €

Spin-Clean

- Record Washer System • Clean records sound better and help to protect the stylus from dust • Spin Clean is suitable for all kinds of records: LP's, 45's, 78's
- Spin Clean Record Washer System MKII:
Washer basin and lid
Washer fluid 4oz
One pair brushes MKII
One pair rollers MKII
Two washable drying cloths
99 €
- Spin Clean Record Washer System MKII Package LE:
Translucent washer basin and lid
Washer fluid 4oz
Washer fluid 32oz
Two pair brushes MKII
One pair rollers MKII
Seven washable drying cloths
159 €

Vinyl Cleaner VC-E

- Cleaning machine for vinyl & 78rpm shellac records • turns the record within 2 seconds per rotation • a new type of clamp seals the record label from cleaning fluid and avoids damage on the label
- 399 €

Vinyl Cleaner VC-S2 ALU

- New cabinet laminated with 0,4mm of brushed aluminium • Aluminium surface is able to withstand cleaning liquid spill without damage • Cleaning machine for vinyl & 78rpm shellac records • turns the record within 2 seconds per rotation • a new type of clamp seals the record label from cleaning fluid and avoids damage on the label • high-end build-quality
- 499 €

VC-S 7" Kit

- Optimized cleaning efficiency for 7" records • 2 different versions suitable for alu & synthetic flange assembly versions of VC-S • Vacuum arm for 7" records including short adhesive velvet strips • Clamp for 7" records (standard clamp will not fit) • Wash it vinyl cleaning concentrate (100ml bottle)
- 119 €

Sweep it E

- Record broom • Gently cleans your vinyl while playing • Heavy weight stand for secure standing • Uni-pivot design • Brush made of natural hair
- 69 €

Sweep it S2

- Premium Record broom • Gently cleans your vinyl while playing • Heavy weight stand for secure standing • Neodymium magnet stabilization • Uni-pivot design • Brush made of natural hair • Height adjustable
- 99 €

Vinyl Clean

- Dry-cleaning for record and stylus • Perfectly cleans in-depth, removes dust and debris from record grooves and pick-up head.
- 13 €

Wash it

- New highly concentrated cleaning formula by Pro-Ject • Wash it cleans vinyl records & shellacs • Wash it contains only high-purity components
- Eco-friendly - Non-toxic - Non-flammable • Record looks like new after washing • Dissolves a wide range of impurities including fat/grease • For very dirty records repeat the cleaning process • Evaporates quickly and leaves zero residues • Optimum mix ratio 1:10 to 1:20 with distilled/demineralized water - do not use tap water • Optimum application temperature 20 - 40 degrees (mixing ratio for warmed Wash it is 1:20) • Optimum storage temperature 10 - 25 degrees

VC-S2 ALU

Hear it One

- Smart, audiophile & comfortable
- Classic design
- Adjustable leather-coated headband
- Soft leather ear cushions (memory foam)
- Textile coated cable made from oxygen-free copper (HP-OFC)
- Gold plated 3.5mm jack plug
- High gloss & metal finish

99 €

Hear it Two

- Super loud – super light – super cool
- more SPL with iPod & Co (107 dB)
- Lightweight design (77 g)
- adjustable ear-cushion position
- flat transport possible
- high wear comfort
- 3.5 mm jack plug
- 3 colour options: red, white, black

   59,90 €

Cover it E

- Clear acrylic dustcover for turntables
- suitable for: Elemental, Elemental Phono USB

79 €

Cover it RPM 1/3 Carbon

- Clear acrylic dustcover for turntables
- suitable for: RPM 1 Carbon, RPM 3 Carbon

79 €

Cover it RPM 5/9

- Clear acrylic dustcover for turntables
- suitable for: RPM 5 Carbon, RPM 9 Carbon

99 €

Cover it 1

- Clear acrylic dustcover for turntables
- suitable for: Ground it deluxe 1, Ground it deluxe 3, Ground it Carbon
- Signature 10, RPM 10 Carbon, and all smaller turntables

249 €

Cover it 2.1

- Clear acrylic dustcover for turntables
- suitable for: RPM 9 Carbon, Ground it deluxe 2

229 €

Felt Mat

- Individual colours give your turntable a very special appearance

9,90 €

Rack it

- Lifestyle rack system for turntables & Box Design components
- Stackable or optionally suitable for wall mount
- One Rack it cube holds approximately 150 LPs
- Shelves include mounting tools & supporting rod for CD/DVD
- Dimensions Rack it cube: 535x376x440 mm (BxHxT)
- Dimensions Rack it Shelf: 485x7x380 mm (BxHxT)
- Matt or high gloss colour options: white, black, champagne, petrol, grey, yellow

Rack it Cube: 109 € (matt) / 249 € (high gloss)
Rack it Shelf: 25 € (matt) / 39,90 € (high gloss)

Wallmount it

- Resonance-free wall mount for turntables & Hifi
- WMI wall mounts use rigid steel frame construction
- Height-adjustable spikes to level the board

Model	Dimensions	Colors	Max Load	Price
Wallmount it 1	460 x 355mm	black	30kg	129 €

High Power it

POWER CABLES

- Proper grounding dramatically reduces grounding hum of „floating mass“ systems/amplifiers • 3 pin DC power supply with ground connection • Delivers cleaner current and more power to all Pro-Ject turntables • Input: 100-240V AC, 1.0A, 50-60Hz • Output: +15V DC, 2.0A • Output power: 30W max. • Diameter DC plug: 2.1mm • Dimensions: 85 x 47 x 33 mm • Weight: 180 g (w/o power cord)

24,90 €

Juke Box Highpower Supply

- The Juke Box Highpower Supply is a great upgrade for your Juke Box E and Juke Box S2. • 50% more peak power • Increased dynamic and bass response • 3 pin power connector • True ground connection can dramatically reduce hum and noise under critical power conditions • Power input: 100-240V AC 50/60Hz • Power output: 24V DC 4A • Dimensions: 59 x 37 x 151mm (WxHxD) • Weight: 0,44 kg net

59 €

Connect it LS DS2
with Speaker Box 5 S2

Acryl it

- Suitable for Debut and 1Xpression turntables • Substitutes metal platter • Inert material avoids resonances • Dent for label implemented • Ideal for use with Clamp it • Audiophile sound tuning • Optical upvaluation

109 €

Acryl it E

- Suitable for Elemental, Primary E, Essential III and Juke Box E • Substitutes MDF platter • Inert material avoids resonances • Dent for label implemented • Ideal for use with Clamp it • Audiophile sound tuning • Optical upvaluation

99 €

Acryl it RPM 1 Carbon

- Perfect companion for RPM 1 Carbon • Substitutes MDF platter • Integrated inverted RPM 1 Carbon bearing housing • Inert material avoids resonances • Protects vinyl surfaces • Audiophile sound tuning • Optical upvaluation • Ideal for use with Clamp it

169 €

Acryl it RPM 3 Carbon

- Perfect companion for RPM 3 Carbon • Substitutes MDF platter • Inert material avoids resonances • Integrated inverted RPM 3 Carbon bearing housing • Protects vinyl surfaces • Audiophile sound tuning • Optical upvaluation • Ideal for use with Clamp it

179 €

Clamp it

- Sound improvement for all turntables • Reduces unwanted resonances while playback • Fast and easy mounting • Fine-adjustment of tightening force • Full metal accessory with leather coating • Diamond cut finish

99 €

Cork it

- Alternative platter mats with special sound characteristics • Substitutes felt mats • Damping of resonances from metal turntable platters • Less noise • Avoids static load • Suitable for all turntables

19 €

Cork & Rubber it

- High quality turntable mat • A mixture of cork and rubber • Substitutes felt mats • Damping of resonances from metal turntable platters • Less noise • Available with 1mm & 3mm thickness • Avoids static load • Suitable for all turntables

1mm version: 39,90 €
3mm version: 49,90 €

Damp it

- Special absorber feet for effective decoupling • Made from hightech TPE (thermoplastic elastomers) • Prevents transmission of mechanical vibration • Optimised to absorb frequencies from 20-500 Hz • Especially for bookshelf speakers, Disc players, turntables, tube amplifiers and more • Extremely cost-effective sound upgrade • Available single (bulk) or package containing 4 pieces

single / 7,99 €; 4 pieces / 29,90 €

Ground it E

- Suitable for: Elemental Line, Essential Line, Debut Line, 1Xpression Carbon 1Xpression Carbon Classic, RPM1 Carbon, RPM3 Carbon • Support platform for many turntables or other equipment • Prevents the transmission of vibrations
- Heavy-weight MDF • Conical feet with damping ring • Height adjustable
- Combinable with Cover IT E and Cover IT RPM 1/3 Carbon
- High gloss piano finish • Weight: 4 kg

129 €

Ground it deluxe

- Resonance free placement for turntables & Hifi • Heavy weight base filled with granular damping • 2 models with adjustable spikes (3 or 4 may be fitted)
- 1 model with height adjustable magnetic feet • Dark grey piano lacquer finish
- Matches charcoal finish of Pro-Ject turntables

Model	Dimensions	Weight	Price
Ground it deluxe 1	500 x 65 (45)x 400 mm incl spikes (without spikes)	11,6 kg	299 €
Ground it deluxe 2	435 x 65 (45)x 340 mm incl. spikes (without spikes)	8,5 kg	299 €
Ground it deluxe 3	500 x 65 (45) x 400 mm incl. feet (without feet)	13,5 kg	550 €

Ground it Carbon

- Suits all high-end turntables, especially designed for: Xtension 9, Xtension 10 Xtension 12, Signature 10, Delivered with RPM 10 Carbon • Resonance free placement for turntables & Hifi • Clearly noticeable sound improvement • Heavy weight base filled with granular damping • 4 magnetic decoupling feet • Piano lacquer finish with carbon layer on top • Matches charcoal finish of Pro-Ject turntables • Weight: 14,5 kg

850 €

Leather it

- Alternative platter mats with special sound characteristics • Substitutes felt mats • Damping of resonances from metal turntable platters • Less noise
- Avoids static load • Suitable for all turntables • Perfect combined with Clamp it
- Colors: black or grey

49 €

Record Puck

- Heavy weight record puck

69 €

Signature Headshells

- Fits all tonearms with SME mounting standard • 1/2 inch cartridge mount
- 3 different headshell materials: Alu, Carbon, Oak • High conductivity OFC headshell cables included • High rigidity & low mass • Low resonance construction • Non magnetic • Azimuth adjustment with screw on side
- Built-in fingerlift

wood and carbon / 99 €; alu / 125 €

Absorb it

- Special absorber feet in stylish metal housing • Made from high-tech synthetic rubber material • Prevents transmission of mechanical vibration • Optimised to absorb frequencies from 20-500 Hz • Especially for CD players, turntables & tube amplifiers • Package includes 4 pieces • Effective decoupling
- Colour options: black or silver

159 €

The Classic Evo Sub-platter

- Suitable for The Classic turntables with standard sub-platter • Precision machined out of aluminium to the lowest tolerances • Adds more mass and further damps unwanted resonances • Increases speed accuracy and short term speed stability (Wow & Flutter) • Weight: 700g • The old platter has to be returned to the dealer on upgrade.

119 €

78rpm Pulley Set

- The 78 rpm Pulley Set consists of a new drive pulley and drive belt suitable for playback of 78 rounds per minute
- best used for records that need to be played at this speed, like older schellack records

17 €

Pulley SB

- drive pulley suitable for playback of 78 rounds per minute

9 €

9cc

- 9" precision tonearm with carbon-fibre armtube
- The headshell and armtube are fashioned from a single piece of carbon-fibre
- Conical armtube avoids standing wave reflections
- Inverted bearing design with four ABEC7 spec ballraces
- Design of counterweight effectively counteracts unwanted resonances
- Counterweight shaft lowered to record level
- Straight armtube reduces toe-in error
- Silicone-damped armlift can be adjusted to suit arm height
- Weight: 250 g (without counterweight)

579 €

10cc

- 10" precision tonearm with carbon-fibre armtube
- The headshell and armtube are fashioned from a single piece of carbon-fibre
- Conical armtube avoids standing wave reflections
- Inverted bearing design with four ABEC7 spec ballraces
- Design of counterweight effectively counteracts unwanted resonances
- Counterweight shaft lowered to record level
- Straight armtube reduces toe-in error
- Silicone-damped armlift can be adjusted to suit arm height
- Weight: 335 g (without counterweight)

699 €

9cc Evolution

- 9" precision tonearm with carbon-fibre armtube
- The headshell and armtube are fashioned from a single piece of carbon-fibre
- Conical armtube avoids standing wave reflections
- Inverted bearing design with four ABEC7 spec ballraces
- Design of counterweight effectively counteracts unwanted resonances
- Counterweight shaft lowered to record level
- Straight armtube reduces toe-in error
- Silicone-damped armlift can be adjusted to suit arm height
- Available with 5-pole standard socket, flying leads or terminal with phono sockets and earth screw
- Weight: 265 g (without counterweight)

829 €

10cc Evolution

- 10" precision tonearm with carbon-fibre armtube
- The headshell and armtube are fashioned from a single piece of carbon-fibre
- Conical armtube avoids standing wave reflections
- Inverted bearing design with four ABEC7 spec ballraces
- Design of counterweight effectively counteracts unwanted resonances
- Counterweight shaft lowered to record level
- Straight armtube reduces toe-in error
- Silicone-damped armlift can be adjusted to suit arm height
- Available with 5-pole standard socket, flying leads or terminal with phono sockets and earth screw
- Weight: 335 g (without counterweight)

879 €

12cc

• 12" precision tonearm with carbon-fibre armtube/headshell • Conical carbon-fibre armtube avoids standing wave reflections • Inverted bearing design with four hardened ABEC7 spec ballraces • Solid armbase permits accurate height adjustment of armtube and VTA (vertical tracing angle) • Single-screw fixing of armtube allows rotation for easy adjustment of needle azimuth despite fixed headshell • Highly flexible top-grade copper internal wiring • Linn standard mount • Available with 5-pole standard socket, flying leads or terminal with phono sockets and earth screw

799 €

12cc Evolution

• 12" precision tonearm with carbon-fibre armtube/headshell • The headshell and armtube are fashioned from a single piece of carbon-fibre • Conical armtube avoids standing wave reflections • Inverted bearing design with four ABEC7 spec ballraces • Design of counterweight effectively counteracts unwanted resonances • Counterweight shaft lowered to record level • Straight armtube reduces toe-in error • Silicone-damped armlift can be adjusted to suit arm height • Available with 5-pole standard socket, flying leads or terminal with phono sockets and earth screw • Weight: 271 g (without counterweight)

929 €

Signature Tonearm 9"

• Single pivot design with minimised bearing friction • Non magnetic low resonance construction • Fits low to high cartridge mass, including 32gr. SPU • High rigidity aluminium headshell (12gr) with built-in fingerlift included, allows 1/2 inch cartridge mount • High conductivity OFC headshell cables included • Azimuth adjustment with screw on side • Built-in 5-pin DIN connector (tonearm cable not included) • High gloss finish • Measure it, Alignment + Mounting distance tools included • Delivered in exclusive wooden jewel box • Optional headshells available: Wood (8gr) & Carbon (10gr)

1.690 €

Signature Tonearm 10"

• Single pivot design with minimised bearing friction • Non magnetic low resonance construction • Fits low to high cartridge mass, including 32gr. SPU • High rigidity aluminium headshell (12gr) with built-in fingerlift included, allows 1/2 inch cartridge mount • High conductivity OFC headshell cables included • Azimuth adjustment with screw on side • Built-in 5-pin DIN connector (tonearm cable not included) • High gloss finish • Measure it, Alignment + Mounting distance tools included • Delivered in exclusive wooden jewel box • Optional headshells available: Wood (8gr) & Carbon (10gr)

1.790 €

Signature Tonearm 12"

• Single pivot design with minimised bearing friction • Non magnetic low resonance construction • Fits low to high cartridge mass, including 32gr. SPU • High rigidity aluminium headshell (12gr) with built-in fingerlift included, allows 1/2 inch cartridge mount • High conductivity OFC headshell cables included • Azimuth adjustment with screw on side • Built-in 5-pin DIN connector (tonearm cable not included) • High gloss finish • Measure it, Alignment + Mounting distance tools included • Delivered in exclusive wooden jewel box • Optional headshells available: Wood (8gr) & Carbon (10gr)

1.990 €

CARTRIDGES

Pick it 2M Silver

• Moving Magnet principle • Coil windings made from pure silver to achieve higher quality and more dynamic playback compared with conventional MM cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • 2M Silver should be connected to phono MM inputs • As with most MM cartridges, stylus may be exchanged

199 €

Replacement Stylus 129 €

Pick it 25A

• Moving Magnet principle • Coil windings made from pure silver to achieve higher quality and more dynamic playback compared with conventional MM cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • Pick it 25A should be connected to phono MM inputs • As with most MM cartridges, stylus can be exchanged

99 €

Replacement Stylus 69 €

Pick it S2 MM

• Moving Magnet principle • Split pole pins enables frequency responses that compares very well to MC cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • Pick it S2 MM should be connected to phono MM inputs • As with most MM cartridges, stylus may be exchanged

119 €

Replacement Stylus 79 €

Pick it DS2 MC

• Moving Coil principle • Simple and fast mounting • High fidelity • Exceptionally lively • Very detailed with low distortion • Needs MC-compatible phono input • Robust polyamid-body • Resonance free thanks to laser-sintering-process • Rigid mounting plate out of metal • Threaded holes for simple mounting without nuts • Optimum contact to headshell thanks to three-point pad

699 €

Pick it S2 C

• Moving Magnet principle • Simple and fast setup • High output voltage • Ideal for medium weight tonearms (15-20g) • Very dynamic • Suitable for MM phono stages • Needle can be exchanged if needed • Robust Polycarbonate body

129 €

Replacement Stylus 79 €

Beethoven's „Pastoral“ & „Egmont“

• Ludwig Van Beethoven – Karl Böhm – Wiener Philharmoniker • Symphony 6 „Pastorale“ - Overture „Egmont“ • Remastered with care and love from the original master tape by Georg Burdicek • True analogue re-mastering • Pressed on 180g premium-quality vinyl in highest precision by Pallas Germany • Audiophile sound experience • 2x 180gr vinyl

39,90 €

Jacintha – Autumn Leaves

For her sixth album, Jacintha as the best-known jazz vocalist from Singapore pays homage to songwriter Johnny Mercer. Her warm, clear, delicate approach to storytelling enables the vocalist to deliver each favorite song in a comfortable manner with intimacy and charm. A small ensemble culled from L.A.'s finest jazz accompanists backs her. Jacintha is at her best when incorporating her impeccable enunciation on "I Remember You" and when dipping into her rich lower vocal register for a loping arrangement of "Trav'lin' Light.". Jacintha's warm, fragile, sophisticated delivery makes for an honorable tribute and a recommended listening experience.

Sgt Peppers’s Lonely Hearts Club Band Edition

„Sgt Peppers’s Lonely Hearts Club Band” is the eighth studio album of the English band “The Beatles”. Which was released 1967 in the UK. The release of the album encouraged the change in the pop music industry, which started in 1966. Hardly an album of pop music had been produced with a comparable effort so far. In addition, “Sgt. Pepper ” fitted through his psychedelic playfulness in the so-called” summer of love ”
