RADICAL TECHNOLOGY AND CLASSIC STYLING

# AERO SPEAKERS

## Classic looks and stunning audio quality

Traditional hi-fi speakers can be awkward to position and often have difficulty producing an accurate, punchy bass response, because they have been designed for volume and not sound quality.

At first glance, the Aero speaker range may look fairly traditional. But look again... The entire Aero range uses innovative full-range BMR (Balance Mode Radiator) drivers instead of traditional tweeters.

The result is a sound that's dramatically more immersive and natural. But don't just take our word for it – listen to a pair, we think you'll be amazed!

The Aero range consists of five fantastic new models;

**Aero 6** floorstanding speaker

**Aero 2** stand-mount speaker

**Aero 5** centre speaker

**Aero 3** surround speaker

**Aero 9** subwoofer

With a more coherent and immersive sound, and a classic minimalist design, the Aero range is innovative, stylish and ideal for those who take audio quality very seriously. And the range is perfect for both stereo and surround sound setups.

### It's no ordinary tweeter

By replacing the traditional tweeter with a BMR (Balanced Mode Radiator) driver, the Aero range offers a wider sound and a lower crossover point between tweeter and woofer. The result is a more natural, immersive and coherent sound.

## Elegant surround sound solutions

The construction of the Aero speakers lends itself perfectly to a home theatre setup, creating a powerful and precise sound stage for your music and movie needs. With the Aero 2 stand mounts, Aero 6 floor standers, dedicated Aero 3 surround speakers and the Aero 5 centre speaker, all utilising BMR technology, there are numerous configurations that can be chosen to suit any home setup.

For a 5.1 system, Aero 2 stand-mounts can be used at the front and the rear, or for a mighty 7.1 system, Aero 6 floor standers can be used at the front, Aero 2's used at the rear, and dedicated Aero 3 surrounds can be placed at the sides for a fully engaging sound experience. Any combination chosen can be matched perfectly to the thunderous power of the Aero 9 subwoofer.

## Movies and music will go with a bang

The Aero 9 delivers 500 watts of seriously sumptuous and accurate bass – that runs in perfect cinematic concert with the Aero speakers.

“Cambridge Audio has delivered an excellent 5.1 package that is as exciting, informative and seamless as we’ve heard for the money”

“One of the finest affordable floorstanders you’ll hear, make sure you audition it now.”

# INTRODUCING AEROMAX

High performance BMR speakers

Cambridge Audio

A close-up, high-angle photograph of a black, circular speaker component. The component has a prominent circular port on its side. The text "Cambridge Audio" is printed in white on the black surface. The background is a plain, light-colored surface.

# A COMPLETELY NEW TYPE OF SPEAKER DESIGN

## AEROMAX 2

### STAND-MOUNT SPEAKER

The Aeromax 2 speakers take the award-winning Aero 2 speakers to the next level of performance.

If you look beyond the new glossy exterior, and you'll find there's more than meets the eye with the new Aeromax speakers:

- New BMR driver
- Improved crossover
- Superior cabinet bracing
- New speaker terminals
- High grade internal cabling

The Aeromax 2 offers stunning attention to detail, serious room-filling sound and radical innovation ideal for modern listening.

## AEROMAX 6

### FLOOR STANDING SPEAKER

These are absolutely stunning floor standing speakers, ideal at delivering stereo music in pin-sharp detail, and powerful front left/right channels for an immersive home cinema surround sound experience.

Our expert engineers have outdone themselves with the new Aeromax 6 floor standing speaker. Not only do they come in black or white gloss but there are 5 new fantastic features:

- New BMR driver
- Improved crossover
- Superior cabinet bracing
- New speaker terminals
- High grade internal cabling

These room-filling speakers offer stunning attention to detail and radical innovation ideal for modern listening – the Aeromax 6 are the new rulers of the living room.

# VITAL STATISTICS:

## AERO 2

**Sensitivity:** 90dB

**Frequency response:** 40Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 1 x 46mm (2") BMR,  
1 x 165mm (6.5") high power subwoofer

**Dimensions:** 370 x 203 x 311mm,  
(14.6 x 8.0 x 12.2") including grille

**Weight:** 6.8kg (15lbs) each

## AERO 3

**Sensitivity:** 88dB

**Frequency response:** 80Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 2 x 85mm (4") BMR drivers

**Dimensions:** 461 x 180 x 151mm,  
(18.2 x 7.1 x 6.0") including grille

**Weight:** 4.8kg (10.6lbs) each

## AERO 5

**Sensitivity:** 90dB

**Frequency response:** 50Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 1 x 46mm (2") BMR,  
2 x 135mm (5.25") high power subwoofers

**Dimensions:** 430 x 150 x 208mm,  
(16.9 x 5.9 x 8.2") including grille

**Weight:** 6.1kg (13.4lbs) each

## AERO 6

**Sensitivity:** 90dB

**Frequency response:** 30Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 1 x 46mm (2") BMR,  
2 x 165mm (6.5") high power subwoofers

**Dimensions:** 240 x 980 x 338mm,  
(9.4 x 38.6 x 13.3") including grille

**Weight:** 16.9kg (37.3lbs) each

## AERO 9

**Rated output power:** 500W

**Frequency Response:** 21Hz - 200Hz

**Drivers:** 1 x 10" (250mm) down-firing ABR,  
1 x 10" (250mm) front-firing subwoofer

**Dimensions (W x H x D):** 330 x 340 x 355mm,  
(13.0 x 13.4 x 14.0")

**Weight:** 11.7kg (25.8lbs)

## AEROMAX 2

**Frequency response:** 40Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 1 x 46mm (2") BMR,  
1 x 165mm (6.5") high power subwoofer

**Dimensions:** 370 x 203 x 335mm,  
(14.6 x 8.0 x 13.2")

**Weight:** 7.24kg (15.96lbs) each

## AEROMAX 6

**Frequency response:** 30Hz – 22kHz

**Recommended amplifier power:** 25-120 Watts

**Drivers:** 1 x 46mm (2") BMR,  
2 x 165mm (6.5") high power subwoofers

**Dimensions:** 980 x 240 x 344mm,  
(38.6 x 9.4 x 13.5")

**Weight:** 17kg (37.4lbs) each
