

MUSICA

a high-quality Music system that supports the latest technology, sounds great, doesn't become obsolete, is simple to operate, has a distinctive design and takes up a small amount of space.

5 REASONS

GREAT SOUND

A hi-fi music system isn't enjoyable if the music doesn't sound great. We spent countless hours voicing and equalising Musica so it sounds just right.

- **Custom 3" dual voice coil, long-throw woofers**
- **3/4" soft dome tweeters**
- **1/2" thick MDF wood cabinet**
- **Custom Digital Signal Processing (DSP)**
- **Tone controls to tailor the sound**
- **Tuned rear port**
- **30 WPC Class D stereo digital amplifier**

1

QUALITY DESIGN

A hi-fi music system should look as good as it sounds. We invested as much in the aesthetics as we did in the sound quality.

- **Hand-crafted, furniture grade wood cabinets**
- **Walnut and Hickory real wood veneers; Multi-layer black or white piano finishes**
- **Anodised aluminum knobs and face plates; Painted aluminium speaker grilles**
- **Compact footprints**
- **Elegant, old-school style compliments any room**
- **Built to last**

2

EASE OF USE

A hi-fi music system shouldn't require a degree in rocket science to use.

- **Push any Preset key for music in an instant**
- **Operate via the front panel, the included remote, or the free Como app**
- **“Works with Alexa” for hands-free control**
- **Free software updates over Wi-Fi**
- **Set Up Wizard for quick network connection**
- **Wi-Fi or Ethernet connection options**
- **Free live tech support, instructional videos, and helpful blog articles**

3

FEATURES

A hi-fi music system should support a plethora of today's (and tomorrow's) music sources.

- **Amazon Music, Spotify Connect, Tidal, Deezer and Napster**
- **FM RDS and DAB/DAB+**
- **CD and CD-R/CD-RW (MP3, WMA)**
- **Internet radio (45,000+ free radio stations worldwide)**
- **Bluetooth with aptX**
- **Auxiliary and Optical inputs**
- **Stereo Headphone and Line outputs**
- **USB smart device charger and thumb drive music playback**
- **Wi-Fi music file playback via UPnP**

MULTIROOM

A hi-fi music system is made even better when it offers the flexibility to be a whole-home solution.

- Fill your home with your favorite music
- Wirelessly stream sources throughout your home including CD and records
- Control units individually or as a group with the free Como app
- Opportunity to sell multiple models to one customer
